DATE OF MFG _____

Step 1

Before assembly drop the two latches on the end panels (C).

Step 2

Insert 4 barrel nuts (F) under the horizontal posts. Attach one end panel (C) to rail (A) using four bolts (E) & lock washers (H). Tighten with allen wrench (M). Repeat step with remaining end panel (C) Note: Latches at bottom of end panel are inside the crib.

Step 3

Insert swivel pins (G) into the remaining side rail (B) as illustrated. Insert the threaded end of swivel pin into end panel (C). Tighten with nuts (I) using wrench (J).

Step 4

Unfasten the two hook & loop straps from the rail (A) and drop posture board down into position. Fasten the posture board with hook & loop straps to side rail (B)

Step 5

Insert the four castors (L) into the leg posts

Place the mattress (D) onto the mattress support.

CAUTION: Use only mattress provided by manufacturer, which must be at least 38 inches long by 24 inches wide and not more than 3 inches thick.

To store crib, remove mattress, undue latches (reverse of step 1) undue hook and loop straps on posture board, lift posture board and secure to top of the side rail with the hook and loop straps. Fold crib inward at headboards and insert mattress into the available space.

Care Instruction:

Your crib may be cleaned, using a damp cloth and ordinary mild domestic detergent. Do not use abrasives or bleach. Air dry.

⚠️ WARNING: FAILURE TO FOLLOW THESE WARNINGS AND THE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

- **NEVER** use this product if there are any loose or missing fasteners, loose joints, or broken parts. Check before assembly and periodically during use. **Make sure latches are secure.** Contact L.A. Baby for replacement parts.
- **NEVER** substitute parts

⚠️ WARNING: Infants can suffocate.

- In gaps between a mattress too small or too thick and product sides.
- On soft bedding.
- **NEVER** add a mattress, pillow, comforter, or padding.

⚠️ WARNING: Use only mattress provided by manufacturer, which must be at least 38 inches long by 24 inches wide and not more than 3 inches thick.

- This crib including side rails must be fully erected prior to use.
- **NEVER** place a crib near windows where cords from blinds or drapes may strangle a child.
- Discontinue use of the crib when child is able to climb out or reaches a height of 35 inches (890 millimeters), the child should be placed in a youth bed.
- If refinishing, use a non-toxic finish specified for children's products.
- Child can become entrapped and die when improvised netting or covers are placed on top of crib. **NEVER** add such items to confine child in crib.
- **NEVER** use a water mattress with this crib.
- Replace teething rail if damaged, cracked, or loose
- Always provide the supervision necessary for the continued safety of your child. When used for playing, **NEVER** leave child unattended
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their back to sleep, unless otherwise advised by your physician.
- **CAUTION:** Keep small parts and plastic bags out of reach of small children
- **NEVER** use plastic shipping bags or other plastic film as mattress covers not sold and intended for that purpose. They can cause suffocation

⚠️ WARNING! Strings can cause strangulation! **NEVER** place items with a string around a child's neck, such as hood strings or pacifier cords

- **NEVER** suspend strings over a crib or attach strings to toys.

This crib meets new C.P.S.C. 16 CFR 1220 and A.S.T.M. 406 Standards. (This crib also meets A.S.T.M. 2710 Commercial Crib Standards.)

This crib conforms to applicable regulations promulgated by the Consumer Product Safety Commission.
