

Green Monster

Upright Electric Glass Washer

Rid your glassware of unsightly lipstick marks, fingerprints, and smudges with this electric glass washer! Made to deliver outstanding performance, this washer is durably built for efficient washing of your different types of glassware. It's perfect for use at your bar, pub, or restaurant that cycles through a lot of glassware every day.

Durable Construction

Designed to sit completely submerged in your sink, this powerful glass washer is made of heavy-duty stainless steel and bronze bearings that deliver outstanding performance and reliability.

5 Brushes Included

This model comes with four 6" brushes and one 7 1/2" brush so you can start using it right away without ordering brushes separately.

Green Monster

Upright Electric Glass Washer

1/3 HP Motor

Featuring a powerful 1/3 hp motor, the unit runs its (4) 6" brushes and (1) 7 1/2" center brush quickly and efficiently to automatically scrub the insides and outsides of your glasses. This means you'll save time and labor, while getting better results by not washing the glasses by hand. Plus, because the motor is encased by a top guard, you'll never need to worry about water damaging the electrical components.

Easy On/Off Toggle

The on/off toggle switch makes this glass washer simple to use! Plus, it's covered to protect sensitive electrical components.
