

Item # 605BZ26W 26 Watt Stainless Steel Insect Trap Zapper

Features

- Two powerful, 13 watt bulbs (included)
- Easy to remove collection tray
- Removable plug
- Narrow design
- Easy-to-clean stainless steel housing
- CE & RoHS Listed

Description

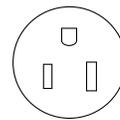

The Zap N Trap 26 watt stainless steel insect trap effectively kills bugs over a 1,150 square foot area. It is ideal for commercial and industrial applications, and features a narrow space-saving design that makes it easy to mount in many locations. The tray is required for operation and must be firmly inserted and pressed down to lock into place. Once locked, the zapper may be turned on.

This unit is great for use in many establishments, including:

- Schools
 - Supermarkets
 - Office Buildings
 - Warehouses
 - Convenience Stores
- Not for use in or around food prep areas***
