FOLD-PAK® EARTH

Fold-Pak® Earth food containers are made from 100% recycled paper (minimum 35% post-consumer content). It is offered in natural kraft and can also be custom printed to include your logo and design. This is a great way to send your branding message home with your customers. Fold-Pak® Earth containers are available with wire handles or in our microwaveable style. Whatever style you choose, the containers will enhance your customer's takeout experience. In cold, wet, or dry, they retain heat and vent moisture so food is kept fresh. Fold-Pak Earth is a very cost effective alternative to foam and other less environmentally friendly packaging.

SUSTAINABLE PACKAGING

Consumer demand for sustainable packaging solutions continues to grow. Fold-Pak Earth food containers are made from 100% recycled paper (minimum 35% post consumer content). Fold-Pak Earth is a great way to transition away from foam and plastic. It is highly functional and is offered at a very affordable price. Fold-Pak Earth can be used for a wide variety of applications including pastas, deli salads, fried foods, and even desserts. Additionally, Bio-Plus Earth containers are endorsed by the Green Restaurant Association and display their logo on the package.
