

Trans-Port Riser

3 LEVEL CHORAL RISERS

products meet or exceed applicable ANSI/BIFMA standards

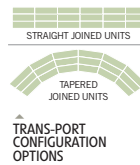

SPECS:

- Available in three 18" wide levels; 8", 16" and 24" high that are permanently joined with hinge mechanisms to enable the unit to open and close in a unified fashion
- Each unit is equipped with wheels for easy transportation when folded and to allow for easy positioning after set up
- Riser levels supported by a 3" deep, double walled, extruded anodized aluminum frame that overlaps the top of each level to protect the carpet edge

- Riser platforms constructed of 3/4" plywood, surfaced with polyolefin grey carpet
- Optional guardrails constructed of black epoxy powder-coated tubular steel and equipped with clamp-on attachments for easy installation
- Straight or Tapered units available for various configurations
- Standing Capacity:
TP72: 15-18 adults (with 4th level #TPA: 20-23)
TPR72: 11-14 adults (with 4th level #TPRA: 16-19)
- Now Available:
4th Level Add-On: TPA: 18-1/8"W x 72 1/2"L x 32 1/2"H
TPRA: 18"W x 79"L x 32 1/2"H
