<b>Preparation instructions:</b>		
PRECUT UNFRIED STRIPS FOR FRYING		
Shelf Stable: Store in a cool dry place.		
If stored under Refrigeration: Bring precut unfried strips to room temperature 8 hours before use.		
Use hands to lightly separate any clumps of precut unfried strips before frying. Fry strips in a 350°F fryer for approximately 30-40 seconds or until bubbling stops and desired color is achieved. Keep partially used bags closed, as chips will tend to dry if left open.
