24 HOUR EMERGENCY MSDS 800-255-3924 CHEM-TEL MEDICAL HELP

GENERAL DESCRIPTION:

Novo metered air fresheners chemically work to neutralize unpleasant odors and can be used in conjunction with many automatic actuating aerosol dispensers. Operating at 15 minute intervals, one can of Novo metered air freshener will keep an area constantly fresh and deodorized for up to 30 days. All of the active ingredients are released, making this the most effective technology for odor counteracting on the market today. The fine, dry mist is non-staining. The fragrance stays suspended in the air long after the off ensive odor has been destroyed, creating a pleasant atmosphere.
