

DOES YOUR KITCHEN HAVE AN ALLERGEN-FREE ZONE?

H-135-UA-11-AG

150-1840D-AG

KNOW YOUR BIG-8 ALLERGENS!

Listed below are the eight most common and most dangerous allergens. What are **YOU** doing to keep your meals safe from allergen contamination?

DAIRY

TREE NUTS

EGGS

PEANUTS

FISH

WHEAT

SHELLFISH

SOYBEANS

A separate, dedicated Hot Cabinet, Holding Cabinet, or Refrigerated Cabinet can help ensure your allergen-free meals stay safe and protected from cross-contamination. Cres Cor even offers custom door vinyl options in the traditional allergen-free purple to label your equipment as an **Allergen-Free Zone!**

Consult your Cres Cor rep for a complete list of all the equipment available for customization!*

**Do your part to keep your kitchen
Allergen-Free with a Cres Cor cabinet!**

* When ordering custom allergen-free equipment, please add -AG at the end of the desired model number.
