The Quality, Performance, & Durability of MagiKitch'n

Has Moved Outdoors!

MagiKitch'n
OUTDOOR

The MKO series outdoor suites offer high production cooking and is available in three sizes. All standard models are mounted on mobile tank/storage cart with heavy duty swivel casters for easy mobility. This allows the cooking suite to be transportable to any event location. Many options and accessories are available to tailor your suite to match your menu selection and operational needs.

MKO 60 Shown with optional Hood, Rotisserie, Spice & Sauce Racks, Side Burner & Cover

The MKO series cooking suite is also available without a cabinet base and can be constructed directly into your counter or custom designed equipment stand to give that finished, built-in look. The bottom of the grill is equipped with a stainless steel floor so it can be easily mounted to any flat surface. Available in Natural or LP gas. Water tubs are accessible from the front and control flare-ups and make the grill easy to clean.
