

Eco Craft® Eco-Flute®  
Grease Resistant Clamshell Containers

# Grease Resistant Clamshell Containers

Introducing an EcoCraft® line of Eco-Flute® Grease Resistant Insulated Clamshell Containers constructed with a sturdy light weight micro-flute corrugation. Eco-Flute® balances moisture, resists grease and retains heat and crispness to ensure the quality of the food is maintained. Constructed in various shapes and sizes and with or without windows for a variety of Foodservice, Convenience Store, Supermarket, Concession and Catering applications.

EcoCraft® Eco-Flute® containers are made from 100% unbleached natural fiber which reduces raw material usage by 20% versus white fiber products of similar weight and design. The middle layer of paper (Medium) is made of 100% Post Consumer Recycled paper, further adding to the positive environmental impact. They are also stackable, easy to store, and come pre-assembled.

# The Advantages of Eco-Flute® Three Layers

## Performance Features:

- Superior rigidity and crush strength
- Thermal insulation to keep hot food hot and cold food cold
- Lightweight F and E flute material allows moisture vapor transmission to keep foods fresh and crisp, prevents soggy takeout and resists grease
- Easy to load for fast operational efficiency
- Secure latch locking lid functionality
- Side and/or back venting that enables selective release of excess heat and steam from hot foods if needed
- Medium material is 100% Post Consumer Recycled Content
- Window option is great for "Grab N Go" concepts and order accuracy identification
