

Fear not! With a few simple additions, San Jamar will help you transform your bar into a beaming model of shining efficiency that will make every moment you spend behind the bar Happy Hour. The bottle you're searching for will always be within arm's reach, you'll dance safely over spilled ice, lemons will cut themselves into perfect, uniform wedges...well, at least they'll have a nice tidy home. And you'll be hailed as Master And Commander of a tightly run ship that effortlessly sails the seas of beer and martinis. Not to mention your shift will go a lot smoother. Simply peruse the following pages for helpful ways to make your bar safer, smarter and more sanitary. We think you'll find plenty of ideas to raise a sparkling, spot-free glass to! Cheers!

The Dome® Garnish Center

During rushes, most garnish stations have a way of becoming fruit cocktail – a sticky pile of limes, cherries and spilled mixers. The Dome® keeps all of your garnishes neatly organized and protected in one stylish station, with high-capacity tray options and snap-in caddy for especially busy bars. We'll toast to that!

Removable standard trays allow easy chilling of fruit slices

Patented Dome® lid offers extra capacity and rotates back for easy access

Integrated snap-on caddies store straws, stirrers and picks

BD4005E

Keeps garnishes fresh, organized and accessible

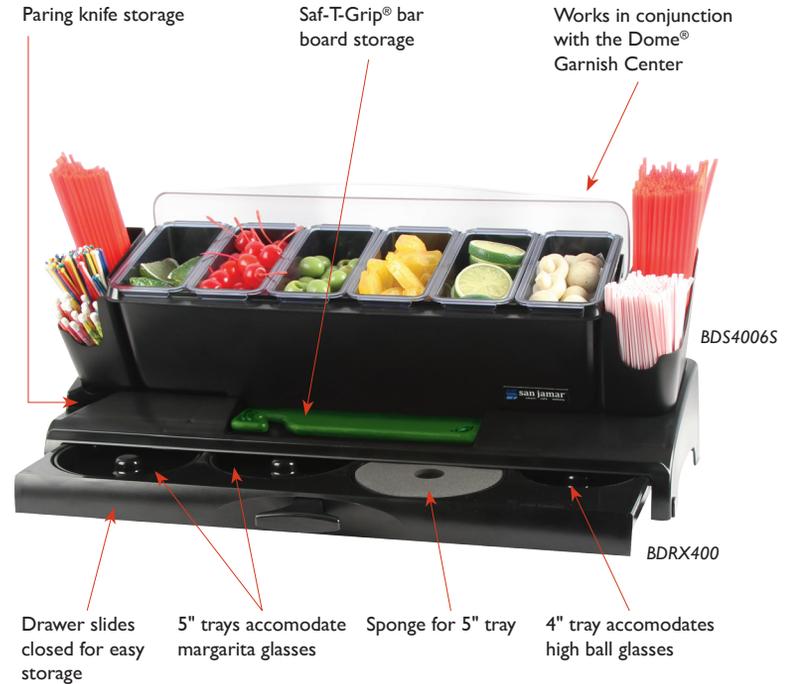

Footprint tailored to fit standard mixing rails

Optional 2-quart and 1.5-pint deep trays offer twice the capacity of competitor stations

The Dome® Glass Rimming Station

Eliminate the need for a separate glass rimmer and increase counter space with the Dome® Rimming Station. This comprehensive system allows for storage of rimming ingredients and is designed to fit the Dome® Garnish Center. The removable trays are specially designed to hold a sponge and a variety of salts and sugars. The convenient integrated storage for Saf-T-Grip® Bar Board and paring knife create an all-in-one system for bartenders.

**Complete
all-in-one
system**

*Dome® Garnish Center not included

Saf-T-Grip® Bar Boards

When things get busy, bar space is at a premium. Our 6" x 9" Saf-T-Grip® Bar Boards let you slice fruit anywhere you can find spare room, providing a sanitary and easy-to-clean board on which to do your work. They're also NSF listed and dishwasher safe. The only thing that would make them better is if they cut the fruit themselves (and we're working on that!).

To learn more, go to sanjamar.com

Mini Dome® Garnish Center

All the utility of The Dome®, but a fraction of the size. Mini Dome® individually is the perfect way to keep just one or two garnishes handy (say, olives and lemon peels for Martini Night) or add capacity with Dome® Stackers for the ultimate Bloody Mary bar. Individual Mini Domes® can also add capacity by connecting to a standard Dome® for rushes (when the last thing you want to do is stop serving to slice up lemons and limes!). The Mini Dome® can be a BIG help!

To learn more, go to sanjamar.com

Chillability allows easy storage, fresher fruit and less waste

2-quart and 1.5-pint trays offer capacity options

Notched lid option allows you to store spoons or tongs for sanitary serving

Added capacity with maximum flexibility

Easily connects to The Dome® or another Mini Dome® for flexibility

BDS248NL

Small size easily fits on any standard mixing rail

Saf-T-Ice® Totes

Treat your ice like a club sandwich – in other words, like FOOD. After all, ice that goes in a drinking glass is subject to the same risk of cross-contamination as any other food item. Saf-T-Ice® Totes minimize that risk, offering you a dedicated ice container that makes handling safer, faster and easier. Plus, they let customers know you take safe ice handling seriously.

Reduce the risk of ice contamination

Tough Handi-Hook™ for easy storage

HACCP Hanger™ allows you to hang the tote on the ice bin for easy filling

SI6000

Raised footings keep bottom of tote off ground and free of debris

Tri-Grip™ grab points provide secure handling

Snap-tight lid protects ice from contamination

SI6500

Saf-T-Ice® Cart

Often, slips and falls that occur are caused by carrying heavier objects across a kitchen. Avoid employee slip-and-fall accidents with the dedicated Saf-T-Ice® Cart transport system. The Saf-T-Ice® Cart can transport up to two Saf-T-Ice® Totes (carrying 50 lbs. of ice) safely and securely. The Saf-T-Ice® Cart can only be used for ice transport, reducing the risk of cross-contamination. Two models are available for use with the SI6000 (6-gallon tote) or SI6100 (5-gallon tote).

To learn more, go to sanjamar.com

*Saf-T-Ice® Totes not included

Saf-T-Scoop® & Guardian™ System

When it comes to drinks, some things just don't mix. Like ice and dirty hands. Our Saf-T-Scoop® & Guardian™ System with dual Germ Guards™ prevents hands from contacting ice, reducing the risk of cross-contamination. Whether you need a 6 ounce scoop, an 86 ounce scoop or somewhere in between, we've got your ice handling down cold. The Guardian™ also provides safe storage for the Saf-T-Scoop® when not being used.

To learn more, go to sanjamar.com

FOR BAR & BEVERAGE STATIONS AND ICE MACHINES

Guardian™ can be mounted inside or outside ice bin

Hand guard eliminates hand contact with ice

Reduce the risk of ice contamination

SI5000

Ergonomically designed for comfort and ease of use

Saf-T-Scoop® and Guardian™ available in 6-10oz. and 12-16oz. sizes for bar and beverage stations

A 64-86 oz. Saf-T-Scoop® and Guardian™ System available for Ice Machine use

Large angled chute directs ice safely into totes, allows users to fill totes 50% faster

Kleen Plug™

Lagers, ales, pilsners. People like draft beer of all types... except the skunky type. Protect your profits by protecting your beer taps. Kleen Plug™ allows you to remove built-up sediments from your taps, while keeping fruit flies, dust and other contaminants out. That keeps your draft beer tasting fresh, while reducing health risks for your customers.

Durable brush helps clean taps, removing yeast and sediment for a fresher, better tasting beer.

Innovative stepped design fits into a variety of beer tap openings.

**Keeps taps
fresh and free
of contaminants**

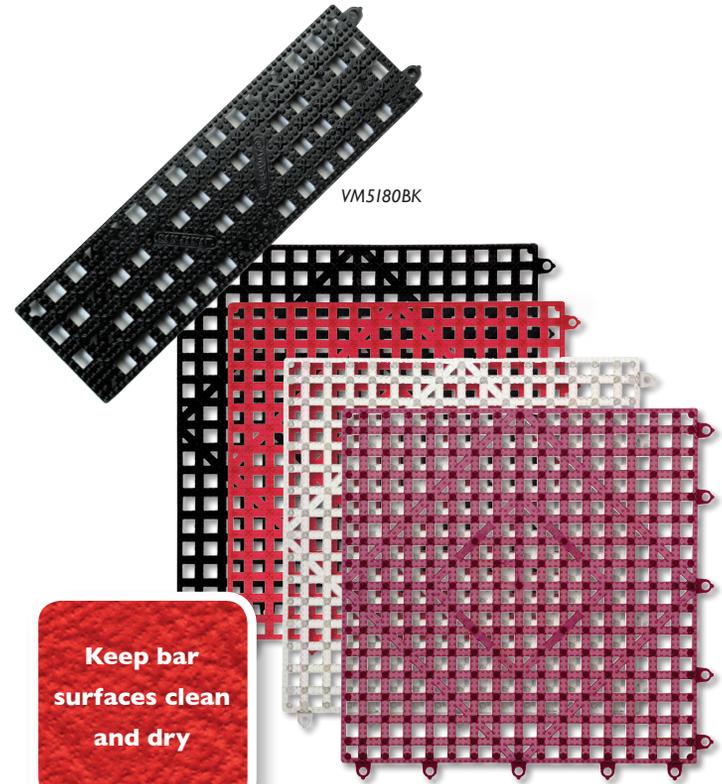

May be chained together through hole in handles for faster removal and loss prevention

Versa-Mat® Rail and Shelf Mats

One thing's clear – foggy, moist glassware is no way to impress customers. But that's what you get when you “dry” glasses on non-breathable surfaces. Versa-Mat® raises glasses up off bar rails and other service areas, allowing them to dry properly while preventing chipped rims and contamination. Versa-Mat® allows you to serve each glass with class!

VM5180BK

VM5280* (BK, CL, RD, WN)

Keep bar surfaces clean and dry

Also ideal for beer tap drains, sinks and speed racks

Interlocking mats can be cut easily to perfectly fit any space

Available in a variety of colors to complement any bar/service area

Saf-T-Ice® Bottle Guardian

An ice bin filled with ice for drinks is no place to chill down wine or liquor bottles. It contaminates drinking ice with all the dirt and bacteria on the outside of the bottle. That's why our Saf-T-Ice® Bottle Guardians provide a handy way to store and chill down frequently used bottles, inside your ice bin but separate from the drinking ice. Cool, huh?

Reduce the risk of ice contamination

Safely mounts inside ice bin—no extra space required
 Can also be mounted outside ice bin to keep non-chilled bottles handy

S17000BG

Prevents dangerous cross-contamination from bottles to ice

Dishwasher safe for easy cleaning

Floor Mats

Spilled drinks and ice can quickly turn your bar into a Slippery Pit of Doom. Luckily, we've got you covered, along with your floors. We offer a variety of floor mat options, all designed to prevent slips and falls, keeping feet raised above the floor while allowing spills to pass through. As a bonus, they cushion every step, reducing staff fatigue over long and hectic shifts.

KM1100

KM1200

KM1140B

KM1240B

Stays in place while providing exceptional traction

Made from tough, grease-resistant, easy-to-clean high-grade rubber

Our designs offer modular flexibility for larger areas

Our Anti-Fatigue mat styles are available in station mat designs and also runner styles. Ideal for waitress or service stations

Kleen-Pail®

Kleen-Pail® eliminates confusion between cleaning and sanitizing solution containers. Kleen-Pail® offers you a dedicated red non-food container for cleaning and sanitation.

Bail handle design prevents loss or broken handle

Graduated marking aids in proper chemical dilution ratio

Embossed raised lettering ensures that pails are always identifiable as non-food containers

KPI96RD

Markings clearly identify Kleen-Pail® designated solely for use as a cleaning tool

Trilingual labeling aids in employee training (English-Spanish on front panel, English-French on back panel)

A dedicated system for keeping food areas sanitary

Oceans® Element™ Towel Dispenser

What's the point in employees washing their hands only to dry them with a dirty cloth towel or, worse, on their pants? Proper handwashing and drying is critical for preventing food borne illnesses and reducing your liability. Our compact Oceans® Element™ roll towel dispenser fits tiny bar spaces to keep a large supply of clean paper towels handy for bar staff.

To learn more, go to sanjamar.com

33% smaller than standard roll towel dispensers

T990* (TBL, TBK)

Accommodates any brand or quality of roll towel

High-capacity to reduce refills

Ergonomic lever allows easy use with forearm or elbow for maximum hygiene

Oceans® Soap/Sanitizer Dispenser

Hand sanitizers are great. But they're no substitute for proper and thorough handwashing by any employee who handles food or drinks. Employees should always wash and sanitize their hands after touching dirty dishes, trash, using the restroom, or even after touching their own face or hair. Our Oceans® Soap/Sanitizer Dispenser fits tiny spaces near the bar sink for fast and easy handwashing.

To learn more, go to sanjamar.com

Helps promote more frequent handwashing

Accommodates bulk lotion, soap or gel hand sanitizer and most 800ml bag-in-a-box cartridges

Includes hand sanitizer sticker for easy identification

S890* (TBL, TBK)

Speed Rail

Make short work of a Long Island Iced Tea – or any cocktail for that matter!

This smart space saver allows you to keep the bottles you use most, organized and in easy reach for lightning-fast drink preparation.

Available in single – or double-size units.

Double Speed Rack
doubles liquor capacity/
selection in same space

**Keeps bottles
organized and
ready to use**

B5522D

B5522

High-quality stainless steel
for easy cleaning

Mounts easily to
any surface

Handles both quart
and liter bottles
