

Grab Bag™ System

by Commercial Zone® Products

Only Commercial Zone offers the patented Grab Bag™ system in all of the plastic waste containers and plastic liners. Receptacles are molded with the Grab Bag™ system to secure trash bag for hassle-free maintenance and the Grab Bag system helps keep a neat appearance by hiding the trash bag under the lid.

Keep trash bags
secure and
hidden!

3 Quick and Easy Steps to Offering a Clean Appearance

Step 1

Remove Commercial Zone Trash Container Lid.

Step 2

Place trash bag inside of container and drape over the top.

Step 3

Tuck trash bag into the Grab Bag System that is located on both sides of the container.

How Does It Work?

Tuck trash bag through slot and pull tight. Trash bag will become hooked on the grab bag system and stay in place.
