Antimicrobial Protection

- Trays with antimicrobial technology molded in to the tray are designed to help prevent the growth of stain and odor causing bacteria keeping the tray cleaner between washings
- Antimicrobial technology works continuously for 24/7 protection, keeping the food trays cleaner for longer and won't wash off or wear away, even when scraped
- Built-in antimicrobial protection makes the tray easier to clean and keeps it cleaner between washings
- Ergonomic design
- Please note antimicrobial protection does not protect users from foodborne illness and is not a substitute for normal cleaning practices
