

# FLETCHERS' MILL

ELEGANT COOKING TOOLS

*Wicked Good*

# FROM OUR FAMILY TO YOURS

Old Fletchers' Mill - watercolor by Joe Park - 1984

## HUMBLE BEGINNINGS

In 1971, brothers Wayne and Earl Fletcher had a vision of owning a business, so on a wing and a prayer they mortgaged their homes and took ownership of an antiquated mill that once served as a blacksmith shop. Many of the simpler items which the Fletcher brothers began manufacturing, including wooden nickels, tool handles and toy parts, are still being made today.

Maine Wood Concepts Sawmill

## TODAY

Today the company employs around 100 workers and their family of businesses include Fletchers' Mill, Maine Wood Turning which specializes in custom wood turnings, moldings and finishing, and Lutz File & Tool Company which makes wooden file handles. As Doug Fletcher likes to say, "From raw logs to the finished product the entire process is done in house and under a watchful eye."

## OUR PEOPLE

Our people make all the difference, crafting each product with great pride as if they were making it for themselves or a loved one. Fletchers' Mill employees not only use our products but are also proud to recommend them to family, friends and neighbors. From our family to yours, THANK YOU for supporting American jobs & businesses!

## FOREST TO TABLE

One of the newest trends for restaurants is farm to table, offering locally grown food directly from small farmers to family and restaurant tables. Fletchers' Mill has used this same approach for many years, only forest to table. All of our wood is from sustainably harvested sources and all of our sawdust and scrap wood is recycled and used in a variety of products, including wood pellets used to heat many New England Homes.

# WHY FLETCHERS' MILL

## MADE IN MAINE, USA

Fletcher's Mill solid wood products are crafted in our manufacturing facility in New Vineyard, ME. Support American Manufacturing.

## SUSTAINABLY HARVESTED WOOD

It all starts with the quality of our wood, which we purchase from sustainable wood suppliers. By having our own sawmill we are able to utilize each tree to its full potential by sawing specifically sized squares, based on which of our products we are manufacturing. The wood is then dried in our kilns to the right moisture content to ensure it won't warp or crack. All of our sawdust and scrap wood is recycled and used in a variety of products, including wood pellets, heating many New England Homes.

## OUTSTANDING MECHANISMS

Fletcher's Mill pepper mills are fitted with a stainless steel two-step mechanism which first cracks the peppercorns to release their natural oils and flavors, and then grinds the peppercorns to your chosen consistency. Fletcher's Mill salt mills have an adjustable nylon crushing system. And, our pepper and salt mill mechanisms include a LIFETIME GUARANTEE. Pepper mills can only be used for pepper and salt mills can only be used for salt.

Counter-clockwise for coarse grinds, clockwise for fine grinds.

## LOCKING CROWN NUT

Our pepper mills offer you over 33 grind settings. As you turn the top crown nut clockwise the grind gets finer and finer. Counterclockwise for coarser grinds. Fletcher's Mill has the only Locking Crown Nut that locks in your choice of grinds and doesn't change until you change it. This allows for consistent results every

time you use your mill. Fletcher's Mill salt mills also have the Locking Crown Nut for variable salt from coarse to fine.

## EASY TO CLEAN

Over time pepper and salt residue gets built up in the grinding chamber of all mills. Only Fletcher's Mill wood pepper mills and salt mills feature a pop-out mechanism for easy cleaning. You can watch a step-by-step video on cleaning & filling your pepper or salt mill, featuring Mary Sue Milliken and Susan Feniger, at [Fletcher'sMill.com/clean](http://Fletcher'sMill.com/clean). No other brand offers this feature. It is the last mill you'll ever need!

# CUSTOMERS ARE OUR #1 PRIORITY

- Orders in by 3:00 EST usually ship out same day.
- Conveniently place your orders via email, fax or phone.
- We accept Visa, Mastercard, American Express and Discover.
- Net 30 with approved credit references.
- Exceptionally high fill rate (USA-made means no waiting for containers or customs).
- No minimum order requirements.
- We will do new custom stains or colors for pepper mills and salt mills on a minimum of 200 pieces. If you want to use an existing stain or color on a mill that does not stock that stain or color as a standard SKU, the minimum is 50 pieces.
- Proud members of Gourmet Catalog and HTI Independent Kitchen Retailer Buying Groups.
- Complete line of our products are shown on Autoquotes which serves the restaurant trade.
- Represented throughout the USA by the finest Independent Retail and Restaurant Sales Rep Agencies.

AutoQuotes

## THANK YOU

From our entire team at Fletchers' Mill we say "Thank You" for your support and for your business. You have many brands to choose from, which is why we continue to manufacture each of our products one at a time, like we were making them for our own kitchens. We are very proud of all of the products we manufacture and we strive to make them better and better.

A handwritten signature in black ink, appearing to read 'Doug Fletcher'.

Federal Pepper Mills - see page 7

# NEW FOR 2018

MARSALA MILLS

3% of the proceeds from Marsala mill sales will be donated to the National Ovarian Cancer Coalition. See the Marsala Collection on pages 8-9.

VINEYARD COLLECTION

The new Vineyard Collection is available in 5", 7" and 9" sizes and features 2 new finishes: Antique White & Antique Cherry. See the Vineyard Collection on page 10.

SNOWMAN MILLS & SHAKER

Available in a 4" pepper mill or salt shaker or a 6" pepper mill or salt mill, we've added a black cap for those cold winter days. See the new Snowmen on page 12.

SILO MILLS

Our salute to the hardworking farmers, our new Silo mills are 7" tall, and just like the good old days is built to last a lifetime. See it on page 12.

CHEF MILLS & SHAKER

Add some fun and function to your kitchen with our new Chef Mills, complete with mustache and chef's hat. See the chefs on page 13.

7" COCKTAIL MUDDLER

You asked and we listened. By popular demand we are introducing a 7" version of our very popular 11" Muddler. See the 7" Muddler on page 17.

BISCUIT CUTTER

This 2.8" diameter round Biscuit Cutter features a sharp edge to make biscuits like your grandmother used to. See it on page 17.

10" ROLLING PIN

Featuring a large, 2.75" diameter finished barrel, this 10" rolling pin allows for more control while keeping the weight and feel of a larger pin. See it on page 19.

LOWER PRICING

New, lower prices on select rolling pins, cooking tools and accessories. See the selection and lower pricing on pages 16-19.

# BORDER GRILL

Mary Sue Milliken and Susan Feniger, Bravo's "Top Chef Masters" and co-chef/owners of Border Grill restaurants and Truck in downtown Los Angeles, International Terminal at LAX, Santa Monica, and Las Vegas, have long extolled the virtues of freshly ground black pepper. Designed by the restaurants' internationally acclaimed architect, Josh Schweitzer, the 8" Border Grill is available in pepper and salt mills.

# MARSALA **NEW**

These Made in USA Fletcher's Mill pepper mills, salt mills and salt shakers are named for the Italian town located on the island of Sicily. The shapes and colors evoke the essence of the area – architecture, colors and coastline. From the Piazza Loggia to the Porta Garibaldi – from the Chiesa del Purgatorio to any of the numerous small Isolas just off the coast, Fletcher's Mill Marsala mills capture Sicilian flavor in a unique and colorful way!

# ROLLING PIN DISPLAY

Please contact us for details on how to obtain this display for your retail store.

# PUMP & GRIND

Some food preparation tasks make it difficult to have both hands free for grinding. That's why Fletcher's Mill offers the convenient Pump & Grind mills. With its sleek, stainless steel design and easy, one-handed operation, our original Pump & Grind mill delivers freshly ground pepper or salt with the press of a thumb. Perfect for restaurant waitstaff, by the campsite, out by the grill or on your stovetop. Made in Taiwan. **Each Pump & Grind comes pre-filled with pepper or salt.**

The 5.25" Acrylic Pump & Grind is the newest edition to our Pump & Grind family of mills and dispensers. The mill features an acrylic body with a stainless top button that you push to grind either freshly ground pepper or crushed salt. Made in Taiwan. **Pepper and salt is not included.**

## DENALI ACRYLIC MILLS

These mills offer the perfect counterpart to our wood mills - modern materials and designs complement contemporary kitchens and dining rooms, and the adjustable ceramic mechanisms deliver a lifetime of service. Made in China. **Does not include pepper or salt.**

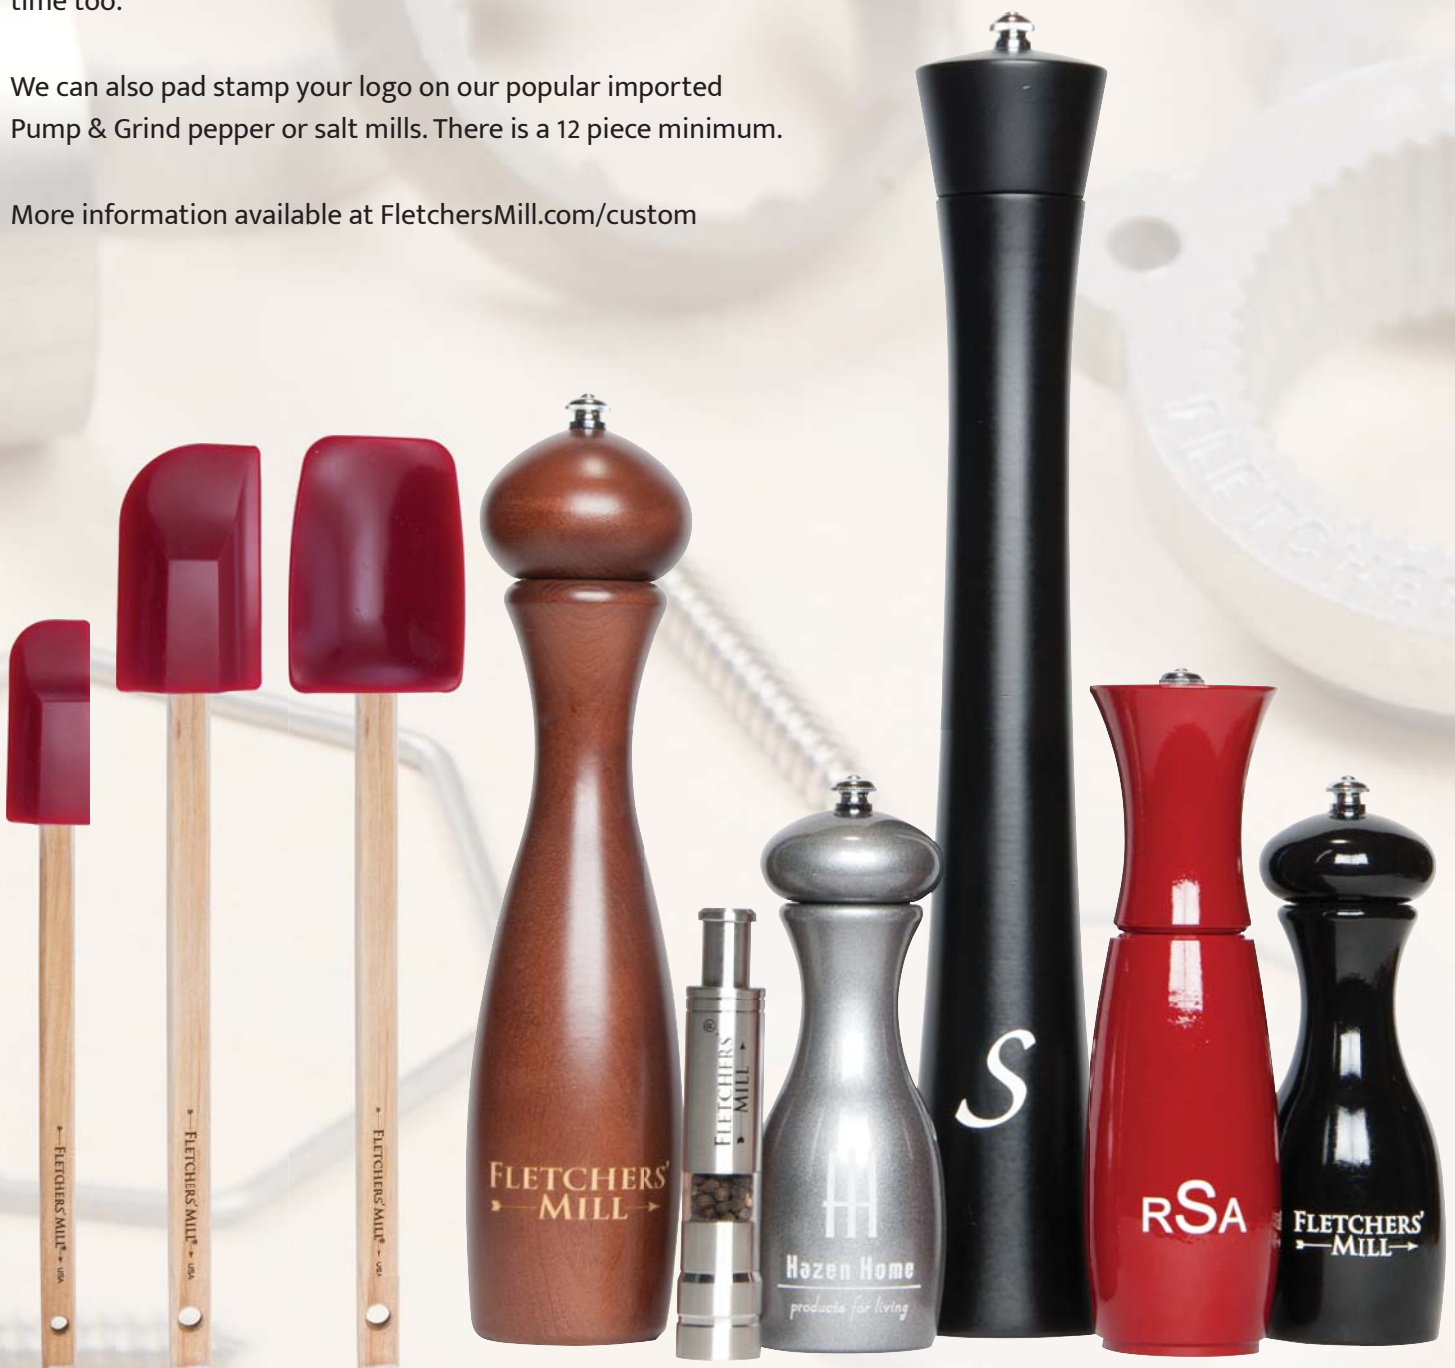

# CUSTOMIZATION

Tired of handing out the same old key chains, pens, calendars, etc. to your clients or customers with your company logo on it? Have you had guests, members or tourists ask what items besides sweatshirts you might have available with your logo on it? Are you a restaurant or country club who sells branded items? Or, are you getting married soon, have a special anniversary coming up? Fletchers' Mill is proud to offer personalized engraving on our solid wood pepper mills, salt mills, salt shakers and silicone tools. We offer single or triple letter monogramming, signatures, or logos laser engraved on our top selling mills and silicone tool handles. Best of all, there are little to no minimums.

Be proud to sell or give your customers high quality, functional, made in USA products with your logo on it. We offer quick turnaround time too.

We can also pad stamp your logo on our popular imported Pump & Grind pepper or salt mills. There is a 12 piece minimum.

More information available at [FletchersMill.com/custom](http://FletchersMill.com/custom)

**We can engrave or print your store's name or logo!**
