

THAW AND SERVE BREAD GUIDE

GREAT BREAD

MADE FOR CONVENIENCE

At Flowers Bakeries Foodservice, it's all the little things that make our bread so special. Like the care we take in baking our breads for the best flavor, texture and crumb. It's also in how we freeze our breads to lock in that "just baked" freshness, the standard by which all great bread is measured. What's more is we help you choose the right bread products for your signature recipes and stay ahead of the latest culinary trends to keep things exciting. Our hard work and dedication to being the industry's leading bread expert is all part of our promise to be the only bread partner you'll ever need.

CREATED FOR FOODSERVICE

European Bakers breads are crafted to hold up to the demands of foodservice for the best burgers, sandwiches and paninis in town.

ALWAYS "FIRST DAY" FRESH

Freezing fresh bread stops the staling process, so the bread will still taste fresh when it's thawed. With European Bakers thaw and serve breads, you get fresh baked quality that's convenient, too.

SAVE TIME & MONEY

Our breads are delivered on the same truck as the rest of your broadline order, making it convenient and cost-efficient to manage your inventory.

EASY HANDLING & LONG SHELF LIFE

For first day fresh bread, thaw at room temperature for 12 to 24 hours. Once thawed, store at ambient temperature and the bread will stay fresh for 5 to 7 days.

Since 1978, our premium line of European Bakers brand breads has celebrated the delicious pleasure that great breads bring to the table. European Bakers has a wide variety of thaw and serve bread products that are made to stand up to the rigors of the fast-paced foodservice kitchen.

SUBS & HOAGIES

FOR ENDLESS MENU CREATIVITY

Today's chefs are finding new and unique ways to bring innovative choices to their menus with sub and hoagie rolls. The mild flavor and hearty texture of subs and hoagies make them a blank canvas for flavor exploration. They're a perfect complement to on-trend toppings, like bacon jam, infused olive oils, smoked meats and grilled vegetables. Great for breakfast pizzas, garlic breads, classic sandwiches and much more, subs and hoagies offer endless possibilities for menu creativity.

SANDWICH BREADS

FOR SIGNATURE MENUS

A sandwich is more than “just a sandwich” when it’s made with premium bread. It instantly becomes the talk of the table, the savored experience, and the moment when your menu stands out from the rest. Premium bread can turn a limited time offer into a signature mainstay, and a first-time patron into a loyal customer. From the first bite to the last crumb, there simply is nothing like a sandwich made with truly great bread.

CERTIFIED ORGANIC BREAD

MEETS THE DEMAND FOR CLEAN LABEL

Made with only the finest Certified Organic, Kosher and Non-GMO Project Verified ingredients, Alpine Valley breads are perfect for patrons who are passionate about their health. These breads are made with whole grains, which can help reduce the risk of heart disease, strokes, diabetes, cancer and obesity. They also contain no chemical herbicides, pesticides or artificial ingredients. But perhaps one of the best reasons to love Alpine Valley breads is they simply taste better.

WHOLE GRAIN BREADS

FOR SCHOOLS

B4S® whole grain breads are a great way to keep your ADP up and your plate waste down. We bake our breads using a minimum of 51% whole grain flour for a more popular white look and great taste that still meets whole grain rich product requirements. Add excitement to your menu every day by topping sandwich breads with classic deli meats, grilled veggies or savory breakfast proteins. Bring creativity to your menu by offering breakfast options for lunch. The options are endless for student satisfaction with B4S® whole grain breads.
