

VULCAN GRIDDLES WITH CORRECTIONAL PACKAGE

SO SECURE, THEY'RE ON PERMANENT LOCKDOWN

900RX Series/MSA Series

DONE TO PERFECTION.
vulcanequipment.com

VULCAN. THE TOUGHEST NAME BEHIND BARS.

Whether you choose gas or electric, our griddles are designed and built to stand up to the abuse and harsh conditions you face every day.

972RX (locks not included)

Completely sealed chassis.

- Front to back, top to bottom, the Vulcan correctional griddle is locked up tight against sabotage and hiding places for contraband

Lockable control cover and grease can.

- Controls are protected with two lockable hasps to prevent unauthorized use

Adjustable flanged legs allow unit to be bolted to mounting surface.

- Bolt the griddle to any industry stand for even greater security

Gas units also feature:

- Unique front panel that protects controls and prevents knob removal
- Knobs and pilot valve are secure behind the front panel, where only your staff has access
- The patented control system is a model of simplicity, durability and serviceability; all mechanical controls resist harsh cleaning and abuse, for less service time—and money
- Rotary piezo electric ignition offers durability and ease of use—no power cords needed
