

HEAVY DUTY TIME RECORDERS

Manual Print • Battery Powered • Automatic Print

The World's Most Recognized Time Clocks.

Lost minutes could be costing thousands of dollars per year.

Take control of your labor costs today with an Acroprint time recorder. Your investment will pay for itself quickly because tracking employee time and attendance saves your business time and money. An employee that takes a few extra minutes of company time for his or her own personal use affects your bottom line. Those minutes add up over time and before you know it a couple of dollars compound into hundreds of dollars. Just review the chart to see how valuable time tracking is to your business. Based on 250 working days per year, the chart shows the cost of time lost at the conservative rate of 20 minutes a day.

Hourly Rate	Cost Per Minute	Number of Employees					
		2	5	10	25	50	100
\$6.00	\$0.1000	\$1,000	\$2,500	\$5,000	\$12,500	\$25,000	\$50,000
\$8.00	\$0.1333	\$1,333	\$3,333	\$6,667	\$16,667	\$33,333	\$66,667
\$12.00	\$0.2000	\$2000	\$5,000	\$10,000	\$25,000	\$50,000	\$100,000

BENEFITS OF TRACKING TIME

- Eliminates the uncertainties of handwritten records. Provides legible records of hours worked.
- Conforms to state and federal wage and hour laws by providing permanent, accurate and indisputable records of employee's arrival and departing times.
- Reduce tardiness, long breaks and early departures.
- Increase production and provide the correct cost of a finished product/operation.
- Eliminates disputes regarding pay.

Heavy Duty Time Recorders have unlimited applications for tracking time for employee's hours and job costing.

Construction Sites	Hotel/Motel	Utility and Highway Crews
Automotive Repair	Government	Delivery Vehicles
Convenience Stores	Golf Courses	Temporary Work Sites
Parking Garages	Food Service	Livestock & Agricultural Farms

Acroprint offers three product options to help you select the right Heavy Duty Time Recorder for your business.

Model 125 Manual Print Time Recorder

Simply insert the time card and push the black bar to activate printing. Antimicrobial touch bar provides added protection against bacteria and other microbes.

Model 150 Automatic Print Time Recorder

One hand operation. The time recorder prints automatically with electric registration.

Battery Powered Time Recorders

This portable recorder accurately records time anywhere and operates when AC power is not available or during power interruptions. Perfect for remote locations or mobile operations. (See details on the back page)

FEATURES

- Time cards easy to align, accepts standard time cards, PM hours underlined
- Automatic ribbon feed and reverse ensures long ribbon use and easy replacement
- Clock is directly geared to typewheels so time on face matches the time stamped
- Rugged ABS Construction is rust and corrosion-proof
- Desk or wall-mount recorders are easy to install
- One-year warranty

OCT2⁵⁴

Prints month, date, hours 0 to 23, and decimal hundredths.

*PM Hours Underscored
Month wheel manual advance

Other configurations available as a special order.

The World's Most Recognized Time Clocks.

The **BP125 series** prints on the right margin of standard time cards or paper forms. Batteries can easily be changed and a warning light indicates an improper installation. An audible “beep” indicates when batteries are weak.

Select the right battery operated heavy-duty time recorder from the chart below:

BP125-6	BP125-R6	BP125-12
<p>Completely portable</p> <p>Ideal where ACP power is not available</p> <p>Easily moved from location to location</p> <p>Normal battery life is approximately 6 months</p> <p>Uses four standard alkaline “D” cells</p> <p>Batteries not included</p>	<p>Best suited where power interruptions are frequent</p> <p>Eliminates the need of having to reset the clock several times each day</p> <p>Can operate for several days on batteries</p> <p>Normal battery life approximately five to six years</p> <p>Uses four standard rechargeable “D” cells</p> <p>Batteries are included</p> <p>Standard voltage: 125VAC/60Hz</p> <p>Optional: 220/50Hz</p>	<p>Best suited for mobile operation using power from a car or truck battery</p> <p>Powered by 12VDC</p> <p>Battery, connecting cable and wiring harness are not included</p>

Dimensions	Model 125	Model 150	BP125*
Height	10”	9”	10”
Width	8”	8”	8”
Depth	6”	6”	6”
Shipping Weight	10 lbs	11 lbs	11 lbs

*BP125 Time Recorders operate within a temperature range of 40 to 110 Fahrenheit. Colder climates greatly reduce battery life.
