

ICE DELIVERY MADE SIMPLE

Follett Ice Storage & Transport Systems

The simple way to deliver ice!

Labor-saving gravity loading!

- Safer, easier, faster ice removal.
- Ice drops into carts when shutter in elevated bin is opened.
- Eliminates time-consuming, difficult shoveling and scooping.
- Six models store 336 to 1801kg/740 to 3970 lbs of ice.

Easy, sanitary ice transport!

- Carts move 109kg/240 lbs of ice quickly and easily to usage area; 68kg/1500 lbs when Totes accessory used.
- Extra wide, shallow cart for easy ice removal.
- One-piece polyethylene for durability, easy cleaning.
- Polyethylene lid protects ice during transport.
- Carts drain conveniently to bin drain when parked in bay.

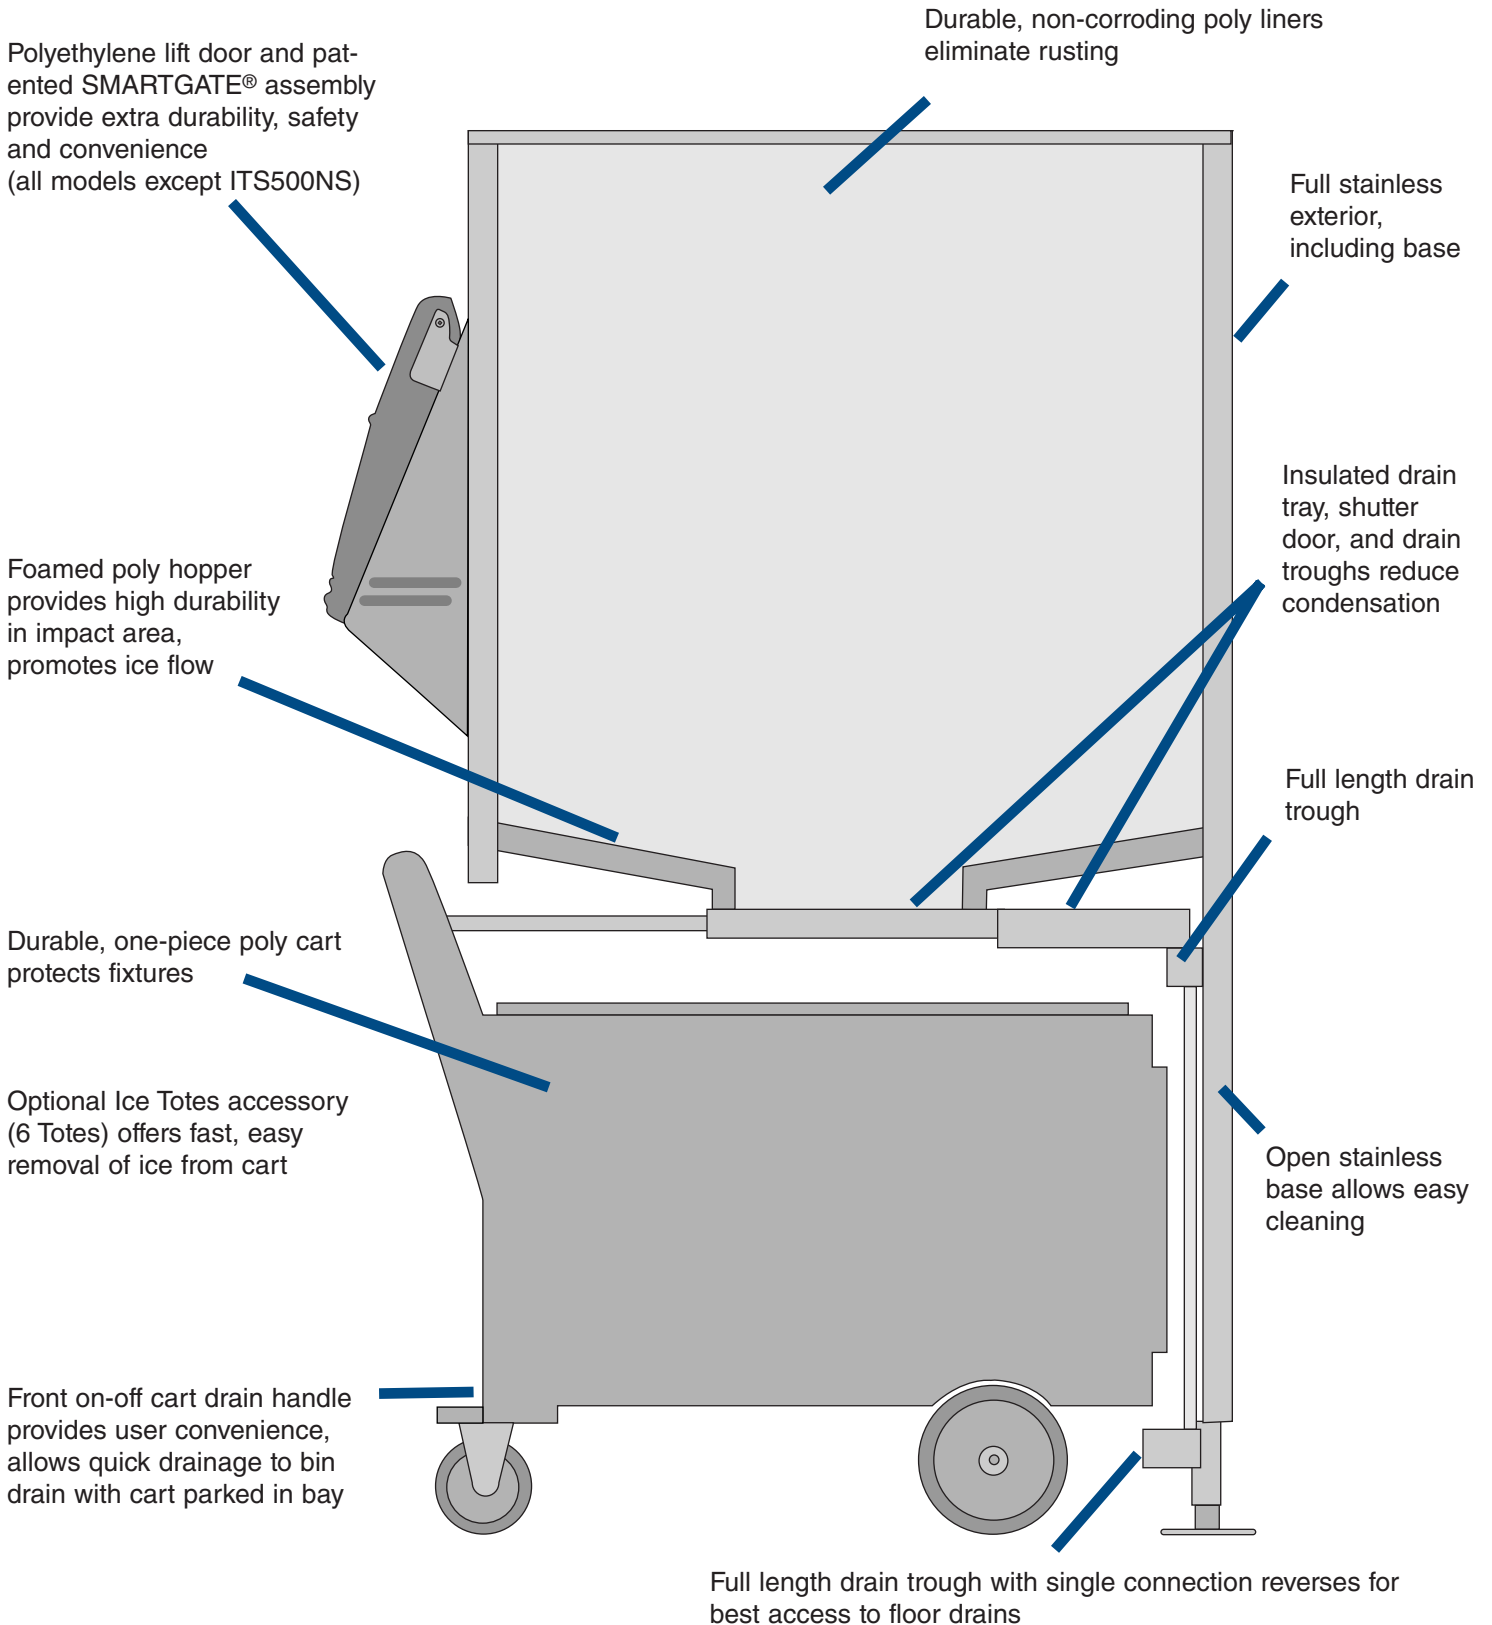

Totes distribute ice without shoveling or scooping!

- Unique Totes accessory allows easy ice removal from cart and quick filling of displays.
- Eliminates difficult and messy shoveling or scooping of ice from cart.
- Slim Totes design allows efficient ice distribution, even in confined area below breath protectors.

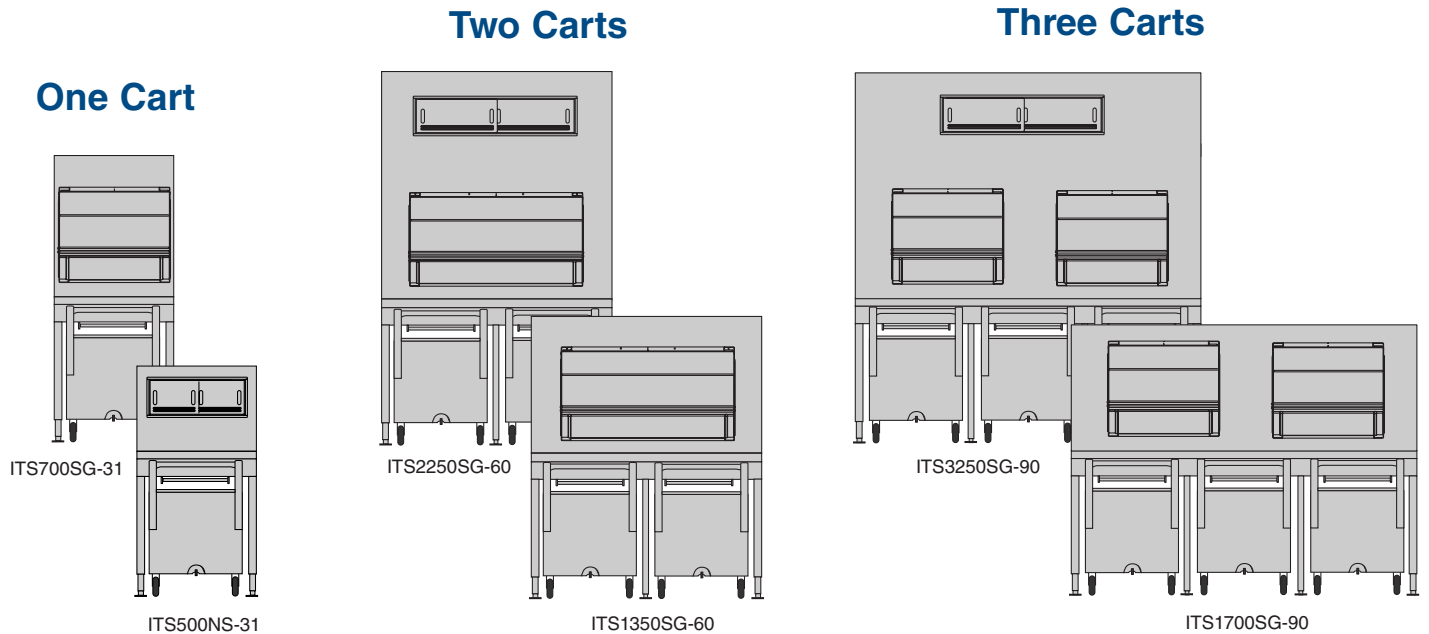

Quality construction and user-friendly features!

High quality construction and superior design mean long equipment life and exceptional customer satisfaction.

One, two, or three cart systems with storage capacities to meet virtually every ice storage and transport need
