NOVA™ Reach-ins

NOVA™ Reach-in Refrigerators and Freezers are perfect for high-volume applications as the airflow design protects and maintains high temperature tolerances. They also boast the largest interior storage space in the industry.

- Refrigerators and freezers
- Glass doors available (refrigerator models only)
- Available in 1, 2 or 3 full or half door models
- Top mount refrigeration system
- Microprocessor with digital display
- Stainless steel interior and exterior
- Standard models ship the same day!
- UL, C-UL, UL Sanitation and ENERGY STAR® (ENERGY STAR® on solid door models only)

NOVA™ Reach-ins

NOVA™ Pass-Thru, Roll-Thru and Roll-In Refrigerators meet multiple demands for performance and provide many flexible configurations to meet your needs.

- Stainless steel interior
- Stainless and galvanized steel exterior
- Pass-Thrus available in 1, 2 or 3 solid, glass or half doors
- Roll-Ins and Roll-Thrus available in 1 or 2 doors
- Heavy-duty pivot hinges
- Horizontal work flow pull handles
- Microprocessor with digital display
- UL, C-UL and UL Sanitation; NSF and UL Safety on Roll-In models

NOVA™ Blast Chillers / Freezers

NOVA™ Blast Chillers and Chillers/Freezers were designed for operational ease in the precision chilling / freezing process.

- Stainless steel exterior and interior
- Stainless steel half racks
- Adjustable legs with plastic heat resistant pads
- Electronically controlled defrost
- Chilling process will take product from +194°F to +37°F in 90 minutes
- Freezing process will take product from +194°F to 0°F in 240 minutes
- ETL Safety and Sanitation

NOVA™ Ice Cream Cabinets

NOVA™ Ice Cream Topping Cabinets with a Refrigerated Rail are designed to safely hold all the necessary toppings for sundaes in the NSF Standard 7 rail.

- Stainless steel exterior
- Smooth aluminum cabinet and rail interior liners
- Syrup rail meets NSF Standard 7 requirements and has dedicated temperature controls for the base unit and syrup rail
- UL, C-UL and UL Sanitation

NOVA™ Ice Cream Topping-Dipping and Storage-Dipping Cabinets really are the workhorse of the industry.

- Stainless steel top
- 24 gauge white painted galvanized steel exterior
- Anti-condensate heaters under stainless top cap (Storage-Dipping models)
- Leveling legs
- Jars, ladles and pumps are optional (Topping-Dipping models)
- UL, C-UL and NSF
