

Raid® Defense System

ATTACK BUGS

Kill the Bugs You See

Use sprays that are labeled as Attack products to kill bugs on Contact.

Applications

- Food Service – Ant & Roach
- Construction – FIK & Wasp & Hornet
- Landscaping Work – Multi Insect

CONTROL BUGS

Kill the Bugs You Don't See

Use baits to kill the bugs that may be hidden in walls or underground. Use foggers to penetrate deep into cracks and crevices to kill bugs at the source.

Applications

- Cafeteria Breakrooms – Ant Baits
- Professional Kitchens – Ant Baits
- Work Garages - Foggers

PREVENT BUGS

Keep Bugs Out

Use barrier products to help protect your space from bugs. These products let you lay down a line of defense against invading pests.

Applications

- Indoor/Outdoor Restaurants – Barrier
- Outside of Office Entryway – Barrier
- Screened-in Areas - Barrier
