

# Recycling Systems FOR SUSTAINABILITY

# Smarter Recycling

## Reduce.

Our products are designed to work harder and last longer—which means fewer replacement products to purchase, as well as fewer worn out products going to landfills.

## Reuse.

Our products are manufactured in an ecologically responsible manner, using recycled content when feasible. We are committed to supporting our customers' green initiatives.

## Recycle.

Rubbermaid Commercial Products are the smart choice for your recycling program.

### SMARTER RECYCLING SOLUTIONS

From desktide and public areas to high-capacity collection and disposal, Rubbermaid Commercial Products is your source for cost-effective recycling solutions.

256R-06 Glutton® Recycling Station

9W73 Mega BRUTE® Mobile Collector

### MULTIPLE STREAM SORTATION

Support your facility's recycling program, help reduce labor costs, and encourage compliance. Rubbermaid's high-capacity sortation containers feature customizable label and lid systems.

### MOBILE COLLECTION EQUIPMENT

Carry larger loads, make waste sortation easier, and reduce worker strain with smarter waste management solutions from Rubbermaid Commercial Products.

## HIGH CAPACITY TRANSPORT

Reduce the amount of handling and transport large volumes of waste with ease and efficiency. Rubbermaid containers are designed to serve as both central collection and transport solutions.

## DID YOU KNOW?

- By recycling one ton of paper, you save 17 trees; 6,953 gallons of water; 463 gallons of oil; 587 pounds of air pollution; 3.06 cubic yards of landfill space; and 4,077 kilowatt hours of energy.<sup>1</sup>
- Recycling one glass bottle saves enough electricity to light a 100-watt light bulb for four hours.<sup>2</sup>
- Recycling one ton of aluminum saves the equivalent in energy of 2,350 gallons of gasoline. This is equal to the amount of electricity used by the average home over a period of 10 years.<sup>3</sup>
- In a lifetime, the average person throws away 600 times their adult weight in garbage.<sup>4</sup>

## PRODUCTIVITY MATTERS

Implementing successful sustainable practices need not equate to adding time and expense to refuse collection programs. Rubbermaid's long-lasting recycling products are designed to improve productivity and help keep costs down.

### VENTING CHANNELS

Patent-pending venting channels in Slim Jim® and BRUTE® 44 Gallon Utility Container take the strain out of liner removal by up to 60%.

### MULTI-STREAM WASTE SORTATION

The Triple Capacity Cart offers high-capacity, multi-stream waste sortation to reduce worker trips and improve productivity.

### COMFORT GRIP HANDLES

Ergonomically designed handles make maneuvering carts easier and more comfortable.

## WORKER WELL-BEING MATTERS

Our products are designed to improve productivity and enhance worker well-being, reducing lost time and saving you money.

### LINER CINCHES

Patent-pending can liner cinches in Slim Jim® and BRUTE® 44 Gallon Utility Container eliminate knot tying and improve waste collection efficiency.

## SUSTAINABLE PRACTICES

From selecting the most reliable recycled materials, to designing products that improve worker comfort, Rubbermaid Commercial Products is committed to providing solutions that support green initiatives.

# Smarter Recycling

## Rubbermaid Commercial Products is your source for smarter products that:

- Last longer—staying on the job, not in the landfill
- Improve productivity and help reduce labor costs
- Separate valuable reusable materials from the waste stream
- Encourage compliance by making recycling easier

### LOOK FOR THIS SYMBOL

RCP products that support sustainable practices are marked with this leaf symbol in our Full-Line Product and Decorative Waste Catalogs.

As a member of the USGBC, we are dedicated to promoting products for buildings that are environmentally responsible and create healthy places to work. We offer over 1,000 products that contribute to buildings achieving LEED Certification.

Visit [www.rcpworksmarter.com](http://www.rcpworksmarter.com) for more information on USGBC and LEED Certification.

## SELECT PRODUCTS NOW WITH RECYCLED CONTENT

Rubbermaid Commercial Products is committed to producing products with recycled content. The majority of our new Decorative Waste Containers feature recycled content, including a minimum of 30% post-consumer recycled steel and 70% post-consumer recycled aluminum.
