WÜSTHOF knives are forged from a single blank of high carbon no-stain steel, a specially alloyed steel. WÜSTHOF knives are created using 40 manufacturing steps from forging to tempering, to grinding and polishing. Quality made in Solingen – Germany.

Los cuchillos de WÜSTHOF se forjan a partir de una sola pieza de acero al cromo-molibdeno-vanadio. En 40 pasos de trabajo — desde el forjado hasta el afilado y el montaje, pasando por el temple — se fabrican las obras maestras de WÜSTHOF. Productos de calidad de Solingen, Alemania.

The hollow edge creates pockets of air which prevent extra thin slices from sticking to the blade.

Los alvéolos crean unas cámaras de aire que impiden que las lonchas finas se adhieran a la hoja.
