

## PEACE OF MIND FOR EVERY POUR.

Premium CORAVIN™ Capsules are the secret to savoring a glass without finishing the bottle. Filled with 99.99% pure argon gas, Coravin Capsules are manufactured to the highest standards in Austria, specifically for Coravin. The unique capsule system protects against oxidation, preserving the life and flavor of your wine. Each capsule can pour up to 15 glasses of wine so you can enjoy your favorite bottle, glass after glass, over time.

### Designed to extend the life of your wine

Filled with 99.99% pure argon gas (the same gas winemakers use), the Coravin Capsule system protects your wine without affecting its taste.

### Multi-glass capacity

Each capsule goes a long way, pouring up to 15 five-ounce glasses of wine.

### There is simply no substitute

Manufactured in Austria, Coravin Capsules are produced with the most exacting deep-cleaning techniques, far exceeding food-grade standards.

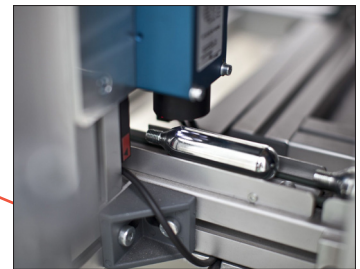

# PREMIUM CORAVIN CAPSULES HAVE NO EQUAL.

**Patented Cap & Seal Technology**  
Proprietary cap technology ensures no argon gas will escape the system – even months after initial use.

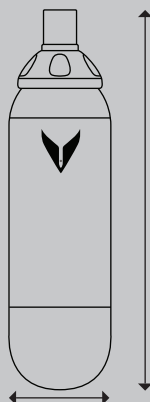

**The Key to the Perfect Pour**  
Only Coravin Capsules work exclusively with the Coravin System to deliver the perfect pour without leakage.

**Made to Exacting Standards**  
Each ultra-pure argon capsule is manufactured from high-quality recyclable steel, with the latest deep-cleaning techniques that surpass food-grade standards.
