Care and Use

Cooling Plate

Item Number(s): V903001, V903002

FUNCTION AND PURPOSE

This equipment is designed to help keep cold foods cold. It is food safe for direct contact with food.

BEFORE FIRST USE

Wash the plate. See Cleaning.

OPERATION

1. Four hours prior to use, place the cooling plate into the freezer.
2. Remove the plate from the freezer.
3. Place chilled food or containers of chilled food onto the plate.
4. Regularly check the temperature of the food.

NOTICE: Monitor food temperature closely for food safety. The United States Public Health Service recommends that cold food/beverage be held at a maximum of 41 °F (5 °C) to help prevent bacteria growth.

CLEANING

To maintain the appearance and increase the service life, clean your cooling plate daily.

NOTICE: Not dishwasher safe. Hand wash only. Do not submerge in liquid.

NOTICE: Do not use abrasive materials, scratching cleansers or scouring pad. These can damage the finish.

1. Wipe the plate with a soft cloth and solution of mild detergent and warm water.
2. Dry the plate thoroughly.
