Frac Pack Coffee Brewing Instructions

1. Place coffee filter into brew basket – be sure the filter is tightly fitted to the brew basket
2. Open frac package(s) and pour coffee into the filter, following recipe above.
3. On the brewer, select appropriate batch size
4. Start the brew cycle and set timer for 60 minutes
5. Wait until all of the coffee has dripped from the brew basket before serving
6. At 60 minutes, or when you run out of coffee, rinse the brew basket and server three times before brewing the next batch
