PCF-18
Crisp 'N Hold
Floor Model

Hold French fries, crispy chicken tenders and more! Gentle hot air circulation over and through the product maintains crispness while keeping food hot and ready to serve! Reduce food waste by extending the hold time up to four times longer than traditional methods, such as heat lamps and enclosed holding cabinets.

Features & Benefits

- Gentle air circulation to maintain warmth and crispness — draws air across and through food product for optimal temperature and texture.
- Heating elements and components located away from oils and vapors.
- Large landing zone and adjustable and removable dividers for flexible product holding and easy cleaning.
- All stainless steel construction with removable product tray and grease filters for easy cleaning.
- Floor models can be used in a Solstice Fryer battery to keep food products crispy, hot and ready to serve!
