

## Items for Food Contact

February 2019

The following Cordova Safety Products styles are made with FDA accepted materials listed in the Code of Federal Regulations #21 CFR, parts 170-199 for food processing applications (red meat, poultry, fish, fruit & vegetable). All component materials comply with guidelines under the Federal Food, Drug & Cosmetic Act (FFDCA). Cordova Safety Products guarantees that products will be free of defects and will not fail under normal conditions.
