## Dome Lids, Ashtray Lids and Recycle Lids – Ship Separately

This instruction sheet is for Commercial Zone<sup>®</sup> Dome Lid, Ashtray Lid or Recycle Lid options. You will receive the base waste receptacle with the standard open top in one carton and lids in another. These waste container bases are molded as one piece and standard open top lids are cut out during production and unit is then shipped in one carton.

**Please Note** – The following lid options ship in their own cartons. You will receive the base waste receptacle with the standard open top in one carton and then the dome lid, ashtray lid or recycle lid in another carton. Simply pull off the standard open top lid and replace with the dome lid option you ordered. You can save the standard open top lid for future use or recycle it with other plastics.
