

CROWN VERITY

20 lb. propane tank

MCB/RCB/MG – all LP models are set up to use these tanks.

30" and 36" models use one tank.

48", 60' and 72" units use two tanks.

Most common

50 lb. or 100 lb. propane tank

Any model number ending in **-SI50/100** is set up with a single gas connection, comes with a 25' gas hose and is set up to connect to a 50 or 100 lb. propane tank.

Bulk propane tank

Any model number ending in **-SI-BULK** is set up with a single gas connection, comes with a 10' gas hose and is set up to connect to a bulk propane tank. Same as a natural gas set up but used for a bulk propane tank.
