

**LAVENDER MULTI-SURFACE CONCENTRATE**

<b>INGREDIENTS</b>	<b>WHAT IS IT?</b>	<b>WHAT DOES IT DO?</b>
Water	deionized/demineralized water that has passed through filters to remove minerals	holds all ingredients together in solution
Sodium Methyl 2-Sulfolaurate	surfactant with viscosity modifying characteristics from coconut	provides foaming and cleaning
Polysorbate 20	plant based emulsifier	ensures even dispersion and stability of fragrance
Decyl Glucoside	sugar- derived surfactant	helps keep other ingredients blended while cleaning
Sodium Citrate	plant-derived salt	stabilizes formula
Fragrance	mixture of high-quality essential oils and synthetic fragrance ingredients	smells great and provides an aromatherapeutic experience
Lavandula Angustifolia (Lavender) Oil	plant-derived essential oil	provides fragrance
Citrus Aurantium Dulcis (Orange) Peel Oil	plant-derived essential oil	provides fragrance
Lauryl Glucoside	sugar derived surfactant	provides cleaning efficacy and stability to formulation
Citric Acid	fruit acid	modifies the pH of the formula for optimum cleaning and stability
Tetrasodium Glutamate Diacetate	non-EDTA chelating agent	softens water to boost cleaning performance
Sodium Sulfate	mineral-derived salt	holds ingredients together
Sodium Hydroxide	alkaline chemical compound	adjusts pH and stabilizes chelant
Methylisothiazolinone	non-formaldehyde preservative	synthetic product preservative, < 1% of total volume to ensure shelf life stability
Benzisothiazolinone	non-formaldehyde, preservative	synthetic product preservative, < 1% of total volume to ensure shelf life stability

Contains Fragrance Allergens

Fragrance includes linalool; geraniol; geranyl acetate; coumarin; phenethyl alcohol; p-methoxybenzyl acetate; hexyl salicylate; camphor; pinene; limonene; lavandula hybrida oil; dipropylene glycol; linalyl acetate; limonene; pinus palustris oil
