## Heating Instructions

### Conventional Oven or Toaster Oven

1. Preheat oven to 350°F
2. Place thawed pretzel on baking sheet and cover with foil to keep the pretzel from getting too crisp. If you prefer a crisper pretzel heat uncovered.
3. Heat 3-5 Minutes
4. Moisten pretzels with water or brush melted butter on pretzel and sprinkle with salt\*.  
\*A couple ways to moisten pretzels with water would be to use a spray bottle, basting brush, or a wet paper towel.

*Add flavor to your pretzel with cinnamon sugar, sour cream and onion powder, or garlic powder.*

### Microwave

1. Moisten pretzel with water or melted butter, then sprinkle with the salt provided.
2. Place pretzel on a microwaveable plate or wax paper and cover the pretzel.
3. Heat on high for 12 to 20 seconds.  
\*Because microwave ovens vary, heating time might need to be adjusted.
