GENERAL DESCRIPTION:

GLASS CLEANER is fast - thorough - economical - convenient. GLASS CLEANER's unique formula provides the added advantage of adhesion to vertical surfaces making it especially nice to work with on windows. GLASS CLEANER cleans and polishes mirrors, glass, stainless steel, ceramics, formica, tile, plastic laminates, and chrome. GLASS CLEANER can be used as a furniture polish on veneer and laminated wood surfaces.

GLASS CLEANER will not leave streaks, even when used at full strength. GLASS CLEANER cleans cosmetics and fingerprints from mirrors and windows with one wipe, leaving a "crystal clear" surface, and leaves a protective sheen which resists accumulation of dust.

PROPERTIES:

Chemical Composition:

Antistreaking agents, solvents, detergents, emulsifiers.

Appearance Clear blue liquid
pH 11.5
Specific gravity 0.974 (8.11 lbs/gal)
