

RG Series Hot Dog Roller Grills

A commercial hot dog roller is the perfect way to merchandise fresh hot dogs, sausages, and egg rolls while holding them at food safe serving temperatures! Choose a quality hot dog roller from Avantco to boost impulse sales at your busy concession stand! A flat top design makes these hot dog roller grills perfect for your grab and go snacks. The sight and smell of your delicious novelties will boost impulse sales at your snack stand, stadium, kiosk, or concession area!

- Heavy duty stainless steel construction
- Temperature control switches
- Quick & easy clean-up
- CE Listed
- Limited warranty options

Description

Great for concession stands, convenience stores, or anywhere where customers are looking for a fresh, hot snack on the go, this Avantco RG1824 roller grill boasts 9 rollers, 750W of heating power, and holds up to 24 hot dogs at a time! This unit features two temperature control knobs so you can adjust the front and rear rollers independently, while a removable drip tray and all stainless steel construction make it easy to clean. Sturdy non-skid feet ensure that the grill won't move around during operation.

The Avantco 24 hot dog roller grill is also a great addition to convenience stores and sandwich shops looking to add quick, grab-and-go items to the menu without breaking the bank, giving you a durable and efficient machine at an affordable price! The all stainless steel construction is supported by sturdy, non-skid feet and boasts a removable drip tray that makes cleaning a breeze. Teflon seals prevent grease from entering the base and coming into contact with the motor and drive chain. It is CE Certified and requires a 120V electrical connection.
