- ETL and ETL Sanitation Listed

Features

- Compact design
- Ideal for sub shops, small restaurants and delis
- High quality aluminum construction built in sharpener
- Large receiving tray
- Built-in sharpener

Description

This Avantco SL512 12" manual gravity feed slicer features a compact design that's ideal for small operations where space is at a premium! It's great for slicing vegetables and processed meat up to several hours a day, making it great for small delis, coffee shops, sub shops, and small restaurants. It's easy to use, with a cut thickness that's adjustable from 1/16" to 1/2".

This Avantco 12" slicer is constructed of top quality aluminum for durability and ease of cleaning, and features a built-in sharpening assembly. The meat carriage is also removable for easy cleanup. It also has a fixed ring guard for safety. The slicer's blade is belt-driven by a 1/2 hp motor.

1/2 hp slicers like the Avantco SL512 are appropriate for medium-volume applications of up to several hours of slicing per day. While it can handle continuous use, it is not suitable for slicing raw or frozen meat. The manufacturer also recommends slicing cheese for no more than 30 minutes a day. This 12" manual gravity feed slicer requires a 110V electrical connection.

Technical Data

Cut Capacity (in)	11" x 8"
Max Cut Thickness (in)	1/2"
Blade Diameter	12"
Blade Rotation Speed	300 rpm
Operating Noise Level	60-67 dB(A)
Voltage	110
Power (HP)	1/2
Dimensions (in) W x D x H	19" x 25" x 17"
Box Dimensions (in) W x D x H	30" x 26" x 23"
