Net Weight	258 lbs.
Product Capacity	(918) 12 oz. cans -or- (486) 12 oz. bottles -or- (2) ½ barrel kegs
Packaging Dimensions	61 1/4"W x 30 1/2"D x 41 3/4"H

Cooling

Temperature Range	33° - 41°F
Refrigerant	R-134a
Max. Ambient Temperature	90°F
Defrosting	Automatic
Temperature Display	Digital
Temperature Controller	Digital
Horsepower	⅓

Construction

Exterior Material	Black coated steel
Door Material	Glass and black coated steel
Interior Material	304 Series stainless steel
Countertop Material	304 Series stainless steel
Insulation Material	Foamed in place polyurethane
Shelf Material	Plastic coated wire
Number of Shelves	(4) 25 5/8"W x 21 1/2"D

Electrical

Voltage	115
Amps	8
Hz	60
Phase	1
Plug Type	NEMA 5-15P
Electrical Cord Length	106"

Keep beverages chilled and ready to serve with the Avantco UBB-2G 59" glass door back bar cooler! Featuring a 1/3 hp refrigeration system, this unit is perfect for chilling bottled beverages, cans, 1/2 kegs, and containers of garnishes. With a higher capacity than 24" deep units, this 27" standard depth unit will hold up to (918) 12 oz. cans, 486 bottles, or (2) 1/2 size kegs and keep them at safe temperatures between 33 and 41 degrees Fahrenheit.

To help keep your stock of beverages organized, this unit comes with four epoxy-coated shelves. Plus, LED interior lighting is standard so that you can easily find items when you want them. With the two glass doors, you can show off beverages in a way that draws customers' attention. Plus, the doors are made of tempered glass so that they are durable and break-resistant. These two swing glass doors provide easy access, but this unit can also be secured after hours thanks to its door locks.

Made of durable black steel on the outside with a stainless steel interior and top, this unit provides the corrosion resistance that you need in an unobtrusive unit that fits in perfectly behind any bar. This unit provides optimum interior cabinet space since it has a side-mounted evaporator. Plus, the easily accessible design of the refrigeration system makes cleaning and maintenance easy.

1/3 hp, 115V; an 8' cord and NEMA 5-15P plug are included. ETL Listed.

Failure to contact Avantco Refrigeration prior to obtaining equipment service may void your warranty.

Avantco Refrigeration will not warrant coverage for component failure or other damages that arise under the following conditions:

- Failure to install and/or use unit within proper operating conditions specified by Avantco Refrigeration
- Failure to properly maintain the unit. This includes, but is not limited to, basic preventative maintenance such as cleaning the condenser coil.
- Installation in a non-commercial or residential application
- Products sold or used outside of the United States

Additionally, no claims can be made against this warranty for spoilage of product, loss of sales or profits, or any other consequential damages.

Normal wear type parts, such as light bulbs and gaskets, are not included in warranty coverage.
