P/N 1157.00 (16) Rack Only

The standard Wine Bottle Washer Rack has (16) compartments, holding up to 4-1/2" diameter bottles; and a non-standard (9) compartment rack, accommodates up to 6" diameter bottles. The rack height is determined by the size of the bottle.

CMA Hi-Temp Sanitizing Wine Bottle Washer Rack is great for washing and sanitizing all shapes and sizes of bottles. This concept is ideal for "Wine Bottles". The racks are fitted with a spray manifold system that places a strategically positioned spray jet inside the neck of each bottle. This Wine Bottle Rack is designed for CMA's 180UC Hi-temp Undercounter Dishmachines.

NEW

(2 in 1) Dual Purpose

The Wine Bottle Washer Rack comes with wash and rinse adapters that replace the wash/rinse arms. The adapters are fitted with hoses that quickly connect and disconnect to the side of the Wine Bottle Washer Rack for easy and fast removal of the rack. The 180UC dishmachines can be converted from dish and glasswashing to bottle washing in just a few minutes.
