CARE & CLEANING

To clean the outside of the brewer:
1. Unplug the machine and allow it to cool before cleaning.
2. Use a damp cloth to clean all outside surfaces. Do not use harsh abrasives.
3. When cleaning the Capsule Chamber, you can turn the Coffee Outlet left to take it out and rinse the outlet area. (Please see Pic. 2 & 3)
4. Remove drip tray from the machine and lift off the Drip Tray Cover. Wash all parts with warm, soapy water.

To clean the inside of the brewer unit:
1. Pour a mixture of 4 oz. cold water and 4 oz. of white vinegar into the water tank, and then place cup on the Drip Tray Cover. Press Power Button continuously for 3 seconds, the Unit will implement rinsing process until the light is off.
2. Empty and rinse the cup after finishing step 1, then pour about 12 oz. pure water into water tank and press Power Button continuously for 3 seconds, the Unit will implement rinsing process until the light is off.
3. Repeat step 2 as necessary to remove any remaining vinegar taste.
