

AvaMix BX2100E2J 3 1/2 hp Commercial Blender with Touchpad Control, Timer, Adjustable Speed, and Two 64 oz. Tritan Containers

#928BX2100E2J

Technical Data

Width	11 1/2 Inches
Depth	10 Inches
Height	20 1/2 Inches
Amps	15 Amps
Hertz	60 Hertz
Phase	1 Phase
Voltage	120 Volts
Wattage	1800 Watts
BPA Free	Yes
Capacity	64 oz.
Control Type	Digital Touchpad
Features	BPA Free Timer
Horsepower	3 1/2 HP
Jar Type	Tritan
NSF Listed	Yes
Number of Jars Included	2 Jars
Plug Type	NEMA 5-15P
Product Line	AvaMix BX
RPM	26000 RPM
Speeds	3
Usage	Bar Blending Food and Drink Blending

Features

- Touchpad control saves speed and time settings after each use, while pulse switch and 3 speed setting allow precision blending
- 3 1/2 hp, 26,000 RPM motor delivers superior power to easily crush ice, making it one of the most powerful blenders available in its class
- Heavy-duty stainless steel blades make smoothies and more in seconds, standing up to the busiest bars and restaurants
- Two 64 oz. BPA-free containers with 2 piece lid and tamper included for extra convenience
- High performance and quality backed by a one year warranty; 120V, 1800W

Certifications

5-15P

BPA Free

NSF Listed

ETL US

Notes & Details

The AvaMix BX2100E2J commercial blender with touchpad controls and adjustable speed combines raw power and maximum versatility in a blender that is equally at home in a juice or smoothie bar, or churning out mixed drinks at a pub or restaurant! Its 3 1/2 hp motor boasts a whopping 26,000 RPM and 1800W, making it one of the most powerful blenders available in its class - and with a metal drive coupling and blade assembly, it is more than capable of handling ice crushing, drink mixing, smoothies, house-made spreads or salsa, and anything else you can throw at it.

And even with touchpad controls, operation is simple and easy to learn. It features three speed settings ranging from 15,000 to 26,000 RPM, and the timer can be set in increments of 30 seconds up to 15 minutes. You can blend two ways, using either a time and a speed setting, or if you prefer to blend by sight simply choose a speed and let your blender work until you've reached the desired consistency. And if you will be making the same recipe repeatedly, this blender makes it easy with a one-touch start feature that repeats the most recent time and speed settings with a single press of the "Start" button. When you need a quick burst of power to finish off a recipe or clear the blade area, it also has a convenient pulse button to throttle the unit on "High" speed.

The 64 oz. BPA-free tritan jar design provides maximum durability while allowing this model to handle large volume blending, and your blender comes with 2 of them so that you can swap out the jar and keep working without having to stop and wash the container for different recipes. A 2-piece lid lets you add ingredients to the blender at any stage in the mixing process - simply remove the clear center lid and use the included tamper to push the add-ins down into the jar. A sleek and sturdy ABS plastic base looks great on any bar counter while also making it easy to clean. For added convenience the jar pad is dishwasher safe, but the jar should be washed by hand for maximum product life. This blender requires a 120V electrical connection.
