## Intelligent Lockers

These lockers are an ideal solution for warehouses, distribution centers and retail stores that are struggling to better their asset management strategy.

### Features:

- Multi-user steel locker
- All lockers are equipped with combination locks
- Transparent locker doors
- Each locker has one USB outlet and one standard power socket
- Operates at 110V
- Ships fully assembled
- UL certified power taps and cords

### Benefits:

- Safe and lean management of expensive POS assets
- Eliminates motion waste, expended in searching for misplaced devices
- Eliminates waiting-time needed for charging devices
- Eliminates unnecessary costs, incurred in trying to replace misplaced devices
- Provided a resource for associates to store their personal devices securely in a protected environment
