Notes & Details

Keep food hot and fresh with this Avantco HL24BK 24" black single arm bulb warmer flexible heat lamp. This heat lamp can warm baked goods, fried foods, carving station meats, and more. This lamp's flexible arm can be lowered toward or raised away from foods with ease. This allows you to adjust the lamp to your space and food requirements, tailoring it to your specific needs and keeping your food hot.

The lamp's attractive finish and drilled stainless steel shade will complement any decor. Its on / off toggle switch is located away from the heat zone for safety. The lamp comes with a 250W red bulb. This lamp can be mounted to a table or countertop with the Avantco PCLMPSS stainless steel clamp for heat lamps (sold separately). The sockets are ceramic insulated and furnished with a nickel-plated copper screw shell and contact point to prevent fusing and ensure you get a long life out of your heat lamp. This lamp requires a 120V electrical connection.
