- Features 2 self-closing and stay-open locking doors with full length stainless steel handle
- Perforated interior rear air duct for better air flow
- Digital temperature controller with automatic defrost function
- Eco-friendly R290 refrigerant; 115V, 1/2 hp

### Certifications

5-15P

ETL Sanitation

ETL US & Canada

### Technical Data

Width	54 Inches
Depth	32 1/4 Inches
Height	82 1/2 Inches
Interior Width	49 3/8 Inches
Interior Depth	27 1/8 Inches
Interior Height	60 1/4 Inches
Amps	3.8 Amps
Hertz	60 Hertz
Phase	1 Phase
Voltage	115 Volts
Access Type	Doors
BTU (LBP)	1264
Capacity	46.7 cu. ft.
Casters	Yes
Color	Silver
Compressor Location	Bottom Mounted
Construction	All Stainless Steel
Door Style	Swing
Door Type	Solid
Dutch Half Doors	No
Features	LED Lighting
Hinge Location	Left/Right
Horsepower	1/2 HP
Individual Shelf Capacity	120 lb.
Installation Type	Freestanding
Number of Doors	2 Doors
Number of Shelves	6 Shelves
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Sections	2
Temperature Range	33 - 40 Degrees F
Type	Refrigerators

## Plan View

## Notes & Details

Providing impressive performance and dependable durability, this Avantco SS-2R-HC 54" stainless steel solid door reach-in refrigerator is engineered to hold your cold food investments in a food safe environment. Designed with a 430 stainless steel door and exterior sides, the unit features a sleek appearance that's matched with its ability to withstand busy, heavy-use kitchens. Plus, the interior is 304 stainless steel, giving the unit superior corrosion resistance and cleanability; it won't degrade with or become damaged by the inevitable spills and messes. As a result, it's easier for your employees to maintain during the hustle and bustle of their daily tasks. For ultimate storage flexibility, this refrigerator even comes with 6 epoxy coated shelves with a versatile shelf slide design that can accept full size food pans! Designed for your utmost convenience, the unit is sure to accommodate your ever-evolving needs as your business grows, expands, and transforms over time. This unit also boasts interior LED lighting that automatically turns on and off when you open and close the door. This helps improve visibility and streamline your work flow.

Programmed to maintain temperatures from 33-40 degrees Fahrenheit, this refrigerator ensures that all food products are held in a proper, food safe environment to preserve their quality and integrity. To help achieve this, the robust, bottom-mounted 1/2 hp compressor runs on eco-friendly R290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an environmentally-responsible choice for your business. In addition, the bottom-mounted design makes it easy for employees to load and unload products due to the raised bottom shelf. For maximum structural rigidity, the entire cabinet is foamed-in place using polyurethane insulation.

Making the refrigerator easy to monitor and operate, an automatic defrost feature and a digital temperature control with digital display are integrated for intuitive use. Each solid door includes a self-closing mechanism, which enables easy access at all times, and a set of casters provides the unit with mobility. This item requires a 115V electrical connection for operation.
