Certifications

Portable LP Tank Connection

Notes & Details

Deep fry a turkey on one burner and steam vegetables on the other with this versatile Backyard Pro double burner outdoor patio stove! Each liquid propane burner boasts 55,000 BTU of cooking power and independent brass control valves, plus they can hold a weight of up to 50 lb., so whether you're steaming clams, boiling corn-on-the-cob, or frying a turkey, you'll be able to achieve the results you want every time. Convenient shelves on each side provide a holding area for tongs and other lightweight prep tools while you're cooking. Additionally, wind guards surround the burners.

With a generous 12" x 25" cooking surface, you'll have plenty of room to hold even large stockpots or cast iron cookware. You can also adjust the height of this double burner outdoor range with its included extension legs, which raise it from 13" to 25" high. It boasts a durable one-piece welded steel frame and a high performance 10 PSI liquid propane regulator with a 36" braided stainless steel hose.
