

## An Eco-Forward Thinking Cup

### Bare® by Solo® Eco-Forward® PCF Paper Hot Cups

- **Recycled content** — This innovative, first-ever FDA-compliant, PCF paper hot cup contains recycled content that comes from paper collected from school or office recycling programs after consumer use. Less virgin material is used to make PCF paper hot cups, reducing the impact on valuable natural resources
- **Sustainability alternative** — Made from 90% plant-based renewable resources and a minimum of 10% post-consumer recycled fiber. We source fibers certified under the SFI® chain of custody
- **Lid interchangeability** — Four cup, one lid solution for sizes 10 ounce squat–20 ounce reduces storage requirements and increases operational efficiencies
- **Smooth rolled rim** — Gives rigidity to the cup and ensures secure leak-resistant lid fit

## Features

### Sustainability alternative

Made from 90% plant-based renewable resources and a minimum of 10% post-consumer recycled fiber

### Lid interchangeability

One lid fits four popular cup sizes (10 sq – 20 oz) for operational efficiency

### Rolled rim

Gives rigidity to the cup and ensures secure, leak-resistant lid fit

### Customized design available

Customize with the Bare® co-logo print or custom print to showcase operators' branding and logos
