Notes & Details

The Cooking Performance Group G60T-NG(CPG) 60" countertop griddle features energy saving thermostats that are adjustable from 200 to 575 degrees Fahrenheit for precise temperature control, making it an excellent choice for delicate breakfast foods like eggs and hotcakes, as well as your lunch menu of chicken, hamburgers, and other meats! The unit boasts 5 powerful 30,000 BTU stainless steel burners with standing pilots for instant ignition that work in perfect harmony with the thermostats to maintain your selected griddle temperature during peak cooking periods. The 3/4" thick, 60" wide polished steel cooking surface features an impressive 20" depth that is sure to deliver all of the cooking workspace needed.

The Cooking Performance Group G60T-NG(CPG) countertop griddle is made of rugged stainless steel that is both durable and extremely easy to clean, includes back and side splashes to protect your walls and countertops, and even offers a full width waste tray to provide you with the complete package of excellent performance and worry-free maintenance! The unit offers a conveniently located 3/4" rear gas connection and ships ready to connect to a natural gas supply. The unit includes a liquid propane orifice kit for quick and easy field conversion.
