

Refrigerated Slim Drop-In Wells

Models: CWB-S1, -S2, -S3, -S4

Hatco's Refrigerated Slim Drop-In Well is a full-size unit that blankets your pre-chilled food product to retain optimum freshness and taste in one efficient and easy operation – but placed lengthwise. This provides customers with a complete cold well within easy reach, regardless of the sneeze guards.

Standard features

- R-513A refrigerant available for California only. Please contact Hatco for more information
- Insulated wells available in 1 to 4 full-size pan configurations, but placed lengthwise
- NSF 7 approved cold wall construction utilizes a refrigerant that keeps food product cold without drying it out

The unique angled inside wall design provides easy access and clear views. The greater surface area of the angled wall and the placement of the coils allow cold air to more effectively blanket your food product.

- Adjustable condensing unit can rotate 180° on all models for easy venting adjustments and flexibility at installation
- Mobile condensing unit can be moved in 4.855" (123 mm) increments from center to left (away from drain) on the two-, three- and four-pan units (CWB-S1 is rotatable only)
- Easy serviceability with a sight glass, service valves, dryer/filter and a receiver. Long, flexible refrigerant line (ability to pullout condensing unit) for service
- Auto-defrost is activated through an advanced electronic controller programmed at customer location
- Optimal insulation on sides and bottom ensure better cold retention
- Environmentally friendly insulation used throughout
- 1" NPT brass drain simplifies cleaning

For operation, location and safety information, please refer to the Installation & Operating Manual.

Model CWB-S4 with optional slant kit, accessory (hotel) food pans additional support bars

Model CWB-S2 with accessory (hotel) food pans and additional support bars

Options (available at time of purchase only)

- ☐ Additional Four-Year Parts Only Warranty on the Compressor at Time of Unit Purchase (Not available for export voltages)
- ☐ Slant Kit to give Cold Wells a 5° tilt

Accessories

Pan Support Bars

- ☐ 12" (305 mm)

Stainless Steel Food Pans:

- ☐ Third-Size (2.5" [64 mm] H)
- ☐ Half-Size (2.5" [64 mm] H)
- ☐ Full-Size (2.5" [64 mm] H)
- ☐ Full-Size (4" [102 mm] H)
- ☐ Full-Size (6" [152 mm] H)

- ☐ False Bottom (perforated false bottom)

Wire Trivets Stainless:

- ☐ Half-Size (10.19" [259 mm] W x 7.625 [194 mm] D)
- ☐ Full-Size (10.125" [259 mm] W x 18" [457 mm] D)

Refrigerated Slim Drop-In Wells

Models: CWB-S1, -S2, -S3, -S4

Ordering Instructions:

Please specify the following with each order:

1. Desired Voltage and Hz:

120 (60 Hz),
220, 230 or 240V (50 or 60 Hz)

2. Number of Drop-In Wells Required:

1-, 2-, 3- or 4-pan

NOTE: only offered as rectangular, full-size (placed lengthwise)
(12" W x 20" D [305 mm x 508 mm])

3. Electronic Control Assembly

can be mounted on either side of the Condensing Unit or remotely mounted up to 4 feet (1219 mm) from the unit (cannot be mounted in front of the condensing coil)

ALL MODELS

False Bottom Accessory
1-part or 2-part, depending on pan size

Model CWB-S1, -S2, -S3, -S4

FRONT VIEW

Condensing unit can be rotated only 180° (not 90°)
CWB-S2, -S3, -S4 condensing units can also be mounted as shown or moved every 4.855" (123 mm) to the left (away from drain) under the refrigerated unit.

SIDE VIEW CWB-S1 only

SIDE VIEW CWB-S2, -S3, -S4
