

Pizza — Large

Insulated Food Carrier

Engineered to Outlast and Outperform
 Designed to keep pizza hotter for longer to meet the high expectations of your customers

Features & Benefits:

Superior Insulation Design

- High-performing insulation foam combined with a specialized heat-retaining vinyl shell and a full-closure lid, prevents heat loss to keep pizza hotter for longer

Steam Release Grommets

- Helps reduce the amount of condensation to protect the integrity of your pizza

Super Tough Construction

- Durable materials with reinforced stitching holds up to the rigors of the industry and prevents rips and tears

Long-Lasting Use

- **Save money** by not replacing torn and damaged bags several times a year
