

MAINTAIN BREWERY FRESH TASTE!

Customers Know When the Beer Tastes Great
and it Will Show Up in the Sales!

MICRO MATIC LINE CLEANER FEATURES:

Industry Standard Performance

- Beer Line Cleaners: Brewers recommend 2-3% caustic in solution
- Wine Line Cleaners: Vintners recommend 1% caustic in solution

Latest Additive Technology

- Optimum cleaning efficiency
- Surfactants (wetting agent) reduce surface tension between the deposit and the cleaning agent
- Surfactant agent enables fast, thorough rinsing – ensuring all the chemical is washed out of the line, leaving no residue

Effective in All Water Conditions

- Hard to soft water is not an issue for delivering consistent cleaning performance
- Effective in any water temperature

Lowest Foaming Cleaner

- Less foam means less air bubbles, and greater contact with the line
- Saves time and labor by reducing clean-up from excess foam

Color Indicator

- Eliminate guess work – color indicator lets you know when the chemical solution is in the line and when it has been safely rinsed out. Always verify with pH paper.

Beer line cleaner is an odorless liquid containing sodium hydroxide.

1. **ALWAYS** follow directions.
2. **ALWAYS** wear safety glasses to protect eyes and rubber gloves for skin protection.
3. **ALWAYS** wash hands with soap and water after using chemical.
4. **ALWAYS** flush chemical completely with water before re-tapping keg.
5. **KEEP OUT** of reach of children.
6. **ALWAYS** dispose of used chemical in accordance with federal and local regulations.
7. **CALL** physician if product is swallowed. If ingested, drink large quantities of water to dilute chemical.

LIQUID LINE CLEANERS - BEER

Beer Line Cleaner - Alkaline

Designed to attack and dissolve proteins, hop resins, biofilms, bacteria, molds yeast and other inorganics.

Beer Line Cleaner - Acid

Acid cleaner attacks and dissolves calcium oxalate (beer stone) and other harmful organic soils. It is recommended that this product be used after every four or five cleanings.

6-68 oz. Bottles Per Case

Part No.	Description
MM-B68*	Beer Line Cleaner - Alkaline
MM-A68*	Beer Line Cleaner - Acid

Available in economical 55 gallon drums. Call for pricing.

Beer lines and equipment should be cleaned every 2 weeks or change of product.

POWDER LINE CLEANER - BEER

Clean Flo
