- Store used or empty tray/racks in platform base.
- Model 986 includes convenient flatware dispenser to accommodate 8 each flatware cylinders (cylinders not included).

Model 996

Specifications

Shall be of all-welded stainless steel construction and shall accept trays or racks on a stainless steel spring-loaded, self-leveling carriage. Carriage shall feature banks of tension springs on two sides. Spring tension for carriage shall be field adjustable without tools by hooking or unhooking springs to or from the carriage, providing proper dispensing level. Carriage shall also feature sets of nylon roller guides on all four corners to provide smooth leveling movement inside unit frame. Corner legs shall be of .120 x 1" x 1" stainless steel and bottom and side panels shall be of 20-gauge stainless steel. Top flange shall be of 14-gauge stainless steel. Perimeter vinyl bumper shall be mounted to top flange. Unit shall have galvanized steel dolly with four each extra-load 4" diameter casters, two each with brake. Unit shall be NSF listed.
