

Introducing Farmer Rudolph's

Quality Food Products,
Personalized Service

We are excited to announce that we are now distributing Farmer Rudolph's 100% pure and natural yogurt and Gouda.

Farmer Rudolph's target consumers are people who like to buy good quality clean foods without having to pay the high price of certified organic. They use high quality rBST free milk fresh from the farm, from a single herd of cows, rBST free non-fat dry-milk, whole blended fruits (no fruit juices or fruit juice concentrates), organic cane juice, and organic and all natural flavors. Their yogurts are free from starches, gelatin, gum, pectin (these are common ingredients in many yogurts, even added water). They use only live active cultures. Farmer Rudolph's "Farmstead Yogurts" are the best yogurts they can possibly make without the high cost of using certified organic and 100% grass fed milk and their Gouda is equally praisable too.
