

PUMP & GRIND

Some food preparation tasks make it difficult to have both hands free for grinding. That's why Fletcher's Mill offers the convenient Pump & Grind mills. With its sleek, stainless steel design and easy, one-handed operation, our original **Pump & Grind** mill delivers freshly ground pepper or salt with the press of a thumb. Perfect for restaurant waitstaff, by the campsite, out by the grill or on your stovetop. Made in Taiwan.

The 5.25" **Acrylic Pump & Grind** is the newest edition to our Pump & Grind family of mills and dispensers. The mill features an acrylic body with a stainless top button that you push to grind either freshly ground pepper or crushed salt. Made in Taiwan. Pepper and salt not included.
